

The Early Inauguration **airs on Shorts HD Channel in early 2018**

The preeminent short film distributor Shorts International has signed JFA Films' hard-hitting Polemic just in time for the 2018 midterm elections. The short film is about what happens when a newly elected President of the US takes office... Is he given an orientation, if you will? Is he possibly coerced or influenced to tone down his ambitious campaign rhetoric or vision for the country by the 'powers that be'? Will his Presidency be hijacked before he takes office? As clearly demonstrated time and again big money calls the tune when it comes to our Political leaders.

The film had a very successful Festival run including the USA Film Festival in Dallas, Holly Shorts in Los Angeles, The Mediterranean Film Festival (MedFF) in Sicily, Festival International de Cine De Lanzarote, Spain, as well as several others & screenings coming up in India and New York. In addition, Writer/Director Joseph F. Alexandre has work featured on other prestigious S-VOD platforms such as Amazon Prime, Fandor & Film Struck. Shorts International specializes in handling short form content around the world and reps the Academy Award nominated shorts each and every year. One can find more on SI here: <https://shorts.tv/>
