## BIOGRAPHY

**Pennan Brae** is a Vancouver-based singer-songwriter whose music has a vintage 1970s tinge employing lush string arrangements, roaming pedal steel guitar and a rich, driving beat.

Pennan's 5th release, *'The Astronot: Gravity'* features 8 songs & follows up on the 11-song *'The Astronot Soundtrack'*, which accompanied the 72-minute feature film. *'Gravity'* features club & dance inspired mixes of tracks off the original soundtrack, including lead singles, *'Strut'*, *'Walk With Me'* & *'Crashland'*. These tracks were mixed by producers Kirk Kelsey & Eric Alexandrakis & then mastered at Abbey Road Studio by Grammy Award-winning artist Sean Magee. The album includes these 3 original singles which feature world renowned drummer Steve Ferrone (*Tom Petty & the Heartbreakers*, *Duran Duran*, *Eric Clapton*) and INXS bassist Garry Beers.
