

“Road”

1

Someone said, Life is a road

A road to look for a reason

A road to look for a life

Someone said, Life is a road

A road to look for a dream

A road to head to a dream

Someone said, Life is a road

A road to touch a sunshine

A road to touch a humanity

Someone said, Life is a road

A road to take a challenge

A road to make an effort

2

Someone said, Life is a road

A road to look for a reason

A road to look for a life

Is the life meaningless

if you can't find a reason?

If you can't find a purpose?

Think about it.

If you can't find the reason

even if you don't have time to think

What the god wants from you.

3

Someone said, Life is a road

A road to look for a dream

A road to head to a dream

Is the life meaningless

if you can't find a reason?

Think about it,

If you can't find the purpose
even if you are smitten by the struggle

What the god wants from you.

4

Someone said, Life is a road
A road to touch a sunshine
A road to touch a humanity

Is the life meaningless
if you can't find a sunshine?
if you can't find a sunny road?

Think about it,
If you can't forgive a people

If you are smitten by society

What the god wants from you.

5

Someone said, Life is a road

A road to take a challenge

A road to make an effort

Is the life meaningless

if you can't do what the God asks?

Think about it,

If you can't do what the God asks

If you Can't overcome what the God gives

What the god wants from you.

6

We all are born
with the mission and the promise

We can't choose
a place of where you are born

You are born with the promise
You are promised by the God

Do what you can do
for your promise with the God
with the life you are going through

Do what you can do
for your promise with the God
with the life you are going through
