Ecological Adventure

LA_S NO GAS

A stop-motion short film by
Catya Plate

LOGLINE

In the year 2523
Water water nowhere,
N'er a drop to drink.

SYNOPSIS

500 years from now, the earth is a dry wasteland destroyed by humans. Doctor Alma, a fluffy, brilliant Vulkeet (a cross between a parakeet and vulture) who drives a Vespa, must cure the only creatures left who can save the world by bringing back the rain -- the bizarre and loveable Homeys who have fallen ill with a mysterious sickness.

ABOUT THE FILM

LAS NOGAS-- last short in the eco-thrilling shorts trilogy – is an animated metaphor that upholds environmental awareness. The film champions empathy and collaboration as being crucial elements for achieving global unity and emphasizes the contributions that women make towards improving society.
