RED Digital Cinema Operator | Sony FS5 Camera Operator

Cristian concentrates on the production and post-production of experimental films and documentaries. Believes content should be inclusive, educate, inspire, and enlighten life experiences not usually seen in film. Cristian has experience in assembling equipment for live events in tight time constraints while troubleshooting problems that might occur. Has slight experience with assembling, dismantling, and repairing basic electronics. Lastly, Cristian is prepared to further improve his skills to illuminate the core values of the job.
