

"F***boys" wins Best Comedy Script in the Gold Star Movie Awards! They wrote:

“F***boys offers a unique blend of comedy, action-adventure, romance, and raunchiness. The premise of two down-on-their-luck [straight] buddies posing as gay dancers to escape a drug lord adds tension and urgency. The buddy comedy dynamics provide character-driven humor... the romance subplot adds emotional depth and character development. The experienced screenwriter, Adam Sandel, brings skill and craft to the project... the screenplay has broad audience appeal, particularly for fans of comedic buddy films.”
