Directing

Producing

Photography

Writing

Visual Effects

PROFILE

I'm passionate about visual storytelling. Being able to craft a story as a filmmaker and photographer is something I fell in love with as a kid. I've worked in the film industry now for 8 years. Starting as an editor, I've grown to work on more productions as a director, cinematographer, and writer.

After spending three years working as a freelance filmmaker, photographer, and video editor; I wanted to take my career to the next level. I decided to pack my bags for California. After moving to San Francisco in 2018, I began working for Cinematiq as a video editor as well as being a freelance content creator.

WORK EXPERIENCE

PRODUCTION

I've written, directed, and edited narrative short films and mini documentaries for over 8 years. My 2 most recent narrative films have been selected for 6 film festivals. In addition to my narrative work, I've also worked on music videos and promotional videos for small businesses.

I've directed motion capture shoots for 2K Games. The talent I directed ranged from athletes of the NBA, WNBA, and WWE as well as musicians and actors.

I've worked on set as a Production Assistant for the show "Tanked" as well as on independent productions.

POST PRODUCTION

I've worked as an editor for Google, Clif Bar, Project 44, McCalls Catering & Events, Hoka, Grey Advertising, and Cinematiq.

At Cinematiq, I created DCPs, BluRays, and DVDs for independent filmmakers as well as large festivals like the Wild and Scenic Film Festival & the San Jose International Short Film Festival. I've also made DCPs for Sundance winners like "Boys State".

I've worked as a content creator for ecommerce brands like Monmon Cats.
