ABOUT ME

In 2006, I discovered my passion for filmmaking and was captivated by the power of a camera to tell compelling stories. This led me to establish Visual Dimensions Production, a local video production business that has undertaken various projects. As an independent filmmaker, I relish the opportunity to create films that reflect my artistic vision.

EXPERIENCES

I have worked on several projects with RTB (Radio Televisyen Brunei), mostly in the TV Magazine format, which typically features a travel blog-style presentation. Among the many projects I have completed, the ones that stand out the most are those we have produced, such as 'Uniknya Brunei'.

I was also engaged in the filming of a six-episode series titled "The Paula Malai Ali Show," which was broadcasted on TV Sarawak and Astro.

In addition, we participated in the 'Pitch & Produce' program organized by AITI Brunei, where we successfully produced three shows. 'Lakastah Camping,' focused on camping in Brunei, 'Crank The Volume,' showcased local bands through interviews and performances and 'Mirat As Salam', an islamic content which was aired on Astro Oasis.

I was hired as a cinematographer for a Malaysian band's music video, which required me to fly over and work on the project. The music video was later broadcasted on the popular Astro channel as well.

FILMS

PRIMAJAYA (2016) FEATURE FILM

Written, shot, edited and directed

In the crime-ridden streets of Primajaya, a devoted comic book fan is fed up with the rampant lawlessness and decides to take matters into his own hands, becoming a vigilante determined to make a difference. But his noble intentions soon lead him into dangerous territory when he becomes entangled with the city's most powerful drug lord, putting his life and those he loves at risk as he fights for justice in a corrupt and treacherous world.

WAITERS (2024) FEATURE FILM

Written, shot, edited and directed

In the casual setting of a restaurant, a group of waiters tackle an eventful day filled with quirky customers and indulge in a series of discussions about love, pop culture, and the complexities of existence. They begin to yearn for more meaningful lives and realize it's time to take action.
