

The ReFrame Stamp

CONGRATULATIONS

After reviewing the application for Strange Destiny, we are happy to announce that the project meets our standards for gender equity and receives the ReFrame Stamp distinction for gender-balanced production!

Your project will be included in the ReFrame Stamp recipients for 2023 listed on our website. The ReFrame Stamp will also be featured in the Awards section of the project's IMDb page. Attached is The ReFrame Stamp Toolkit and Usage Guidelines, which detail all the ways in which you can use the Stamp and links to download the ReFrame Stamp Logo. We would love to work with you to promote the project and its achievement in gender parity!

At ReFrame, we believe it is essential to not simply normalize equitable hiring but to standardize it for all projects. In order to achieve this goal and effectively inspire other projects to meet the same standard, we ask that you please amplify your groundbreaking achievement in the following ways:

- Add the Stamp bug to the project's end credits.
- Promote the Stamp in social media campaigns for the project.
- Include the Stamp on all marketing and promotional materials.

Additionally, you will soon receive the ReFrame Stamp Recipient Form. Please fill this out at your earliest convenience, as it will allow ReFrame to fully support your project and maximize our partnership going forward.

Thank you for your commitment to gender parity, and congratulations again on the hard work and dedication it takes to achieve intersectional equity in production!

Sincerely,
Andria Wilson Mirza
ReFrame Director
