Biography

As a passionate screenwriter, I specialize in crafting PG-13 stories across a variety of genres, including Sports (Motorsports), Action, Drama, Sci-Fi, and Romance. My work includes original adult animated series like *Tony Motors* and the *Monster Truck Brothers* franchise. For established animated franchises like *Crash Bandicoot* and *Total Drama*, I approach with deep respect for the source material, aiming to enhance their legacy. My focus is on developing scripts, storyboards, and pitch materials to present to studios such as Activision Blizzard Studios, FreshTV Toronto, Elliott Animations, Cartoon Network (Warner Bros.), as well as major film studios like Legendary and Warner Bros. Pictures.
