As Earth rises over the moon's horizon, a massive asteroid streaks past, heralding the planet's darkest hour. Lucifer and his fallen angels, hidden for millennia, are ready to unleash their apocalyptic plan. An ancient prophecy reveals that in every generation, a small band of humans has been chosen by The Forces of Good to hold evil at bay. In the eternal realm, these commandoes are known as-

## ***THE ALMIGHTY WARRIORS***

At the center of the story is Jamie O'Brien, a former Navy test pilot turned renegade rockstar, haunted by a tragic past. During a chaotic concert in Berlin, Jamie begins to see demonic faces in the crowd. His world unravels further when he receives a cryptic message from Eva, an old flame and American-Israeli special forces operative. Her urgent plea from Jerusalem—"Come as soon as you can. Something's up."—pulls him back into a dangerous world he thought he'd left behind.

Reuniting with fellow soldiers Mick and Eli, who grew up with him on the desert ranch, Follow the Son, Jamie learns that Eva has been organizing a mission to rescue children from an orphanage under attack near the Dead Sea. Reluctant to return to war, Jamie initially refuses. However, when demonic forces brutally murder Eva, Jamie vows vengeance and joins the mission.

During the rescue, the team encounters Angela, a Venezuelan with the steel of an MMA champion and younger fellow ranch veteran. Once a runaway child, Angela has become a fierce warrior. Jamie, who once dismissed her, is now challenged by her discipline and criticism of his "cowboy" heroics.

Together, the group embarks on a journey into the underworld, battling demonic creatures, dark angels, and ancient horrors. Captured by Lucifer's legions, they are given a chilling ultimatum: join Lucifer's quest for domination or witness humanity's destruction. Escaping against all odds, they find refuge in The Colony, a sanctuary of light where they are transformed into the prophesied Almighty Warriors. Under the guidance of Josaiith, a mighty angelic gladiator, they are armed with Biblical weapons, supernatural powers, and renewed faith.

As the team bonds through camaraderie and humor, Jamie also finds unexpected romance with Angela.

The Warriors launch a counterattack, hijacking Lucifer's hypersonic gunship and defeating his alien-like air force in a dazzling aerial dogfight over the Valley of the Shadow of Death. However, they soon uncover Lucifer's ultimate plan: to use a massive solar-powered death ray to trigger Yellowstone's supervolcano, annihilating the planet.

Infiltrating Lucifer's fortress, the team suffers devastating losses. Pastor Aaron, their spiritual mentor, and Angela are captured. Overwhelmed by Lucifer's forces, Jamie is consumed by guilt over his past failures and fears he is destined to serve as Lucifer's pawn. At their lowest point, the team is scattered, and Jamie doubts his ability to lead.

Eli helps Jamie rediscover his faith, reminding him that God often uses the broken and unlikely to achieve great victories. Reignited with purpose, the Almighty Warriors regroup, rescue Angela, and launch a daring final assault on Lucifer's Command Castle.

Angela defeats Diabolis, Lucifer's second-in-command, in a brutal fight to save the captured children. Eli and Mick ride the prehistoric Leviathan into an epic battle in the hippodrome, freeing dungeon prisoners from Lucifer's monstrous legions. Meanwhile, Jamie ascends the Blitzkrieg Tower for a climactic showdown with Lucifer. In a do-or-die battle, Jamie confronts his darkest fears and channels his sanctified powers as the seconds tick down to Earth's annihilation. With a final, devastating blow, he destroys the death ray and casts Lucifer into the fiery abyss. As the underworld collapses, the team escapes with the rescued children and prisoners. Sunlight breaks through the darkness, and Lucifer's militarized principality transforms into a vibrant, multicolored garden.

Nine months later, the Almighty Warriors have established a fortified sanctuary at Follow the Son Ranch. A shocking revelation emerges: A shapeshifted Pastor Aaron is seen at the Dome of the Rock in Jerusalem, leading a utopia powered by alien technology. Knowing that only the living can be shapeshifted, the team realizes Lucifer's Brotherhood of the Universe has taken him. As the team prepares for their next battle, they cross their fiery swords in unity, and a thunderbolt sears into the heavens

***WE FLY BY FAITH, NOT BY SIGHT.***

Hello, I'm Robert Boyle, a storyteller passionate about music and film. I was raised in a family of musicians in Detroit and started playing in church, teen clubs, and fraternity parties before I could drive. I moved to Boston to attend the Berklee College of Music, where I studied arranging and composition while working as a songwriter, producer, and performer. In pursuing a greater understanding of people and what motivates them, I obtained a graduate degree in psychotherapy from the University of Michigan.

Then...

My dreams led me to Los Angeles in 2004, where I have been dedicated to making them a reality ever since. I have placed my original songs in many movies and was also a staff writer for Peer Music's Latin division and EMI Publishing. My experiences as a musician have allowed me to hone my storytelling skills, gain a deeper understanding of the creative process, and appreciate the many things songwriting and screenwriting have in common.

For the past 12 years, I've worked on learning everything I can about screenwriting. I've been very blessed to have been mentored and instructed by producers, writers, directors, and actors. The script I'm submitting is my fourth, called *The Almighty Warriors*.

I'm especially excited to present it to you because... the protagonist is a renegade rockstar!

Thank you for taking the time to consider my work.

Blessings,  
Robert Boyle
