## CV PROFILE

A dynamic and versatile filmmaker, educator, and creative professional with a Bachelor of Fine Arts in Film and Television Production from Sam Houston State University. Experienced in screenwriting, directing, lighting design, costume design, and set design, with a proven ability to craft compelling narratives through innovative storytelling, striking visuals, and meticulous attention to detail.

Driven by a passion for creativity and collaboration, I thrive in multifaceted roles within the filmmaking process, seamlessly integrating technical expertise with artistic vision. A dedicated professional committed to continuous learning and growth, I bring strategic planning, problem-solving, and leadership skills to every project—ensuring original, impactful content that resonates with audiences and leaves a lasting impression.

---

### SKILLS

Grounded in a strong foundation of creative writing, I bring compassionate leadership, critical thinking, and meticulous attention to detail to every project. My diverse experience spans across education, marketing, event coordination, and film production, showcasing my adaptability and commitment to excellence.

As a substitute teacher, I have developed strong classroom management skills, adaptability in diverse learning environments, and the ability to effectively engage students across various subjects. My experience as part of a marketing staff has equipped me with skills in marketing strategy, social media marketing, and event planning/coordinating, enabling me to create engaging content, execute successful promotional campaigns, and oversee seamless event logistics.

Additionally, my expertise includes film camera operation, directing, producing, lighting design, set design, and costume design, ensuring smooth execution across all aspects of production. I excel in effective communication and public speaking, allowing me to confidently present ideas and collaborate with teams. My strategic planning and project management skills drive efficiency, from data entry to managing complex film productions, ensuring precision and high-quality results.
