Dear Hiring Team,

I'm writing to express my interest in the Freelance Camera Operator for the Mr Beast team. I'm currently completing my diploma in Film and TV Broadcasting at Fanshawe College, and I'm excited to bring my passion for storytelling into a professional production environment.

Over the past four semesters, I've built a strong foundation in both narrative and live production through hands-on experience. I've developed skills in screenwriting, directing, videography, and editing—working both independently and as part of a team. My work has been recognized at several festivals: two of my student-directed films were officially selected for the Toronto Short Film Festival, including my debut project Let Me In, and two others were selected for the Reel to Reel Film Festival.

These experiences have shaped my ability to communicate effectively, adapt quickly, and lead creative teams under pressure. Whether I'm collaborating on set or managing post-production, I bring dedication, clarity, and a commitment to delivering impactful content.

Thank you for considering my application. I would be thrilled to contribute to Mr Beast team and further grow as a filmmaker. I look forward to the opportunity to connect.

Sincerely,

Camilo Giraldo.
