

THE CREW

When a rich gangster and his entourage come aboard a multi-million-dollar superyacht, their minds tend to focus on sun, sea and pleasure. But mix bundles of cash, cocaine and expensive escorts, you get a recipe for scandal and THE CREW see it all.

The superyacht business is 'in vogue' and a gang of off the wall crew are determined to have as much fun as they can whilst trying to keep their jobs. It's a tale of a sneaky Captain's, wild initiations, scams and swindles.

A raw, fast paced, hilarious joyride as the yacht crew work and party around the clock visiting the fashionable parts of the Mediterranean: It's not just a story of the glitzy yachting life. It is a story of brotherhood and sisterhood, characters, comradeship, innocence, deviousness, being human and pulling together in the face of adversity. Enjoy the crew's laugh out loud escapades.
