

Pablo Maldonado

I am a Czech-Mexican actor and filmmaker. Through practical experience and different workshops I have developed my skills both in front and behind the camera.

As a writer/director, my stories focus often on male subjects on a quest, either for a concrete objective (winning a boxing fight, finding a rare plant) or a more abstract one (sexual identity, friendship, social/laboral standing).

I often try to find humour and irony in my stories, as I believe this is the best way to communicate emotions and ideas.
