

1

00:01:47,360 --> 00:01:50,720

So much for our undecover mission

2

00:01:51,930 --> 00:01:54,980

No, no. It's not just this...

3

00:01:56,220 --> 00:01:57,160

Excuse me, Sir

4

00:01:57,250 --> 00:02:00,190

-Would you mind giving me the ti...

- Learn to speak 'la France', jerk

5

00:02:02,950 --> 00:02:06,130

If I'm not much mistaken that  
spirited young gentleman

6

00:02:06,130 --> 00:02:09,680

wasn't even speaking remotely  
the same language as we are!

7

00:02:13,970 --> 00:02:17,930

You're overreacting. You always do.

8

00:02:17,930 --> 00:02:22,030

This is IVIYXGDUWB all over again

9

00:02:36,770 --> 00:02:40,550

All our efforts to learn this  
forsaken language, wasted!

10

00:02:40,530 --> 00:02:44,530

And this ridiculous costumes  
obviously belong to another era!

11

00:02:44,520 --> 00:02:47,820

I'm not surprised, you never did any research  
before we came over here

12

00:02:47,800 --> 00:02:51,540

All our attempts to blend in rendered  
totally useless by your incompetence!

13

00:02:51,530 --> 00:02:53,690

I don't know what you're talking about

14

00:02:53,690 --> 00:02:56,570

I think we're blending in quite nicely

15

00:02:56,570 --> 00:02:58,680

We have to keep track of them, Sir

16

00:02:58,680 --> 00:03:02,620

and you are doing a lousy job,  
and that's all I'll say about it!

17

00:03:02,610 --> 00:03:06,850

A lovely day... and you've dampened  
my enthusiasm

18

00:03:07,680 --> 00:03:09,660

Good morning, gentlemen.  
What would you like to drink?

19

00:03:09,730 --> 00:03:12,940

Yes, two teas with milk and eight

20

00:03:13,010 --> 00:03:15,530

no, sixteen of those, please

21

00:03:17,520 --> 00:03:20,760

Frankly, I fail to see how this  
is my fault

22

00:03:20,780 --> 00:03:22,420

there's no keeping up with this species

23

00:03:22,420 --> 00:03:26,260

One year they're running around chasing animals  
in furry loincloths, and the next

24

00:03:26,290 --> 00:03:29,320

they're killing each other in funny hats  
and colossal jackets

25

00:03:29,330 --> 00:03:31,740  
with far too many buttons!

26

00:03:31,770 --> 00:03:33,990  
What are these for, anyway?

27

00:03:36,220 --> 00:03:38,310  
I mean, do they serve a purpose?

28

00:03:43,800 --> 00:03:45,790  
Aren't you hot in this thing?

29

00:03:45,900 --> 00:03:48,400  
I suppose you'll get to the point, eventually

30

00:03:48,500 --> 00:03:51,990  
Well, this species is way too fond  
of changing their appearance

31

00:03:57,080 --> 00:03:59,420  
and not necessarily for the better

32

00:04:00,440 --> 00:04:04,570  
Mind you, bad as it is living in such uncomfortable  
bodies, one would've expected them

33

00:04:04,600 --> 00:04:08,250  
to wrap them up in something more... agreeable

34

00:04:09,010 --> 00:04:11,010  
Oh, fine! And whose fault is that?!

35

00:04:11,040 --> 00:04:14,280  
What the heck!  
I don't choose their clothes!

36

00:04:14,280 --> 00:04:17,750  
Humanities' distasteful dressing code  
is entirely their doing!

37

00:04:21,100 --> 00:04:22,850  
Oh, how dare you?!

38  
00:04:23,710 --> 00:04:26,010  
It was my first species, I did my best!

39  
00:04:26,000 --> 00:04:30,000  
External reproductive organs?!  
That was the best you could do?

40  
00:04:30,380 --> 00:04:32,400  
Optimal survival choice!

41  
00:04:32,400 --> 00:04:34,710  
I solved that in the second sex,  
and you know it!

42  
00:04:34,700 --> 00:04:37,560  
Oh, yes! The ones that bleed out every month!

43  
00:04:37,560 --> 00:04:40,050  
You did a fine job there!  
Lucky them!

44  
00:04:40,040 --> 00:04:43,780  
Some big talk considering you're responsible  
for their insane cognition

45  
00:04:43,770 --> 00:04:46,740  
let alone their absurd emotional process

46  
00:04:46,740 --> 00:04:48,740  
Hormones!

47  
00:04:49,520 --> 00:04:51,200  
I knew it was a bad idea!

48  
00:04:51,180 --> 00:04:54,050  
But I never made the same mistake twice,  
which is more than can be said for you!

49  
00:04:54,060 --> 00:04:57,140

So it took me some thousand years  
to come up with asexual reproduction

50

00:04:57,140 --> 00:04:59,430

What do you want me to say?

51

00:04:59,440 --> 00:05:01,360

Nobody is perfect?

52

00:05:03,200 --> 00:05:05,600

Or simplicity is hard to find

53

00:05:55,980 --> 00:05:58,390

Do you remember when we created humans?

54

00:05:59,560 --> 00:06:01,960

Not our finest moment, I must say

55

00:06:01,960 --> 00:06:03,760

Still...

56

00:06:03,730 --> 00:06:06,890

To be young and creative!

57

00:06:11,920 --> 00:06:14,430

To be young and presumptuous!

58

00:06:14,430 --> 00:06:16,460

Oh, come on!

59

00:06:16,460 --> 00:06:19,700

In spite of their disagreeable nature

I know you have a thing for humans

60

00:06:19,710 --> 00:06:21,310

you've always had

61

00:06:21,280 --> 00:06:23,810

A guilty conscience, for starters

62

00:06:23,800 --> 00:06:26,230

Here we go

63

00:06:28,320 --> 00:06:32,080

It was our first, we overreached

64

00:06:32,700 --> 00:06:35,830

We were ambitious!

We were bold!!

65

00:06:35,810 --> 00:06:37,660

We were preposterous!

66

00:06:37,640 --> 00:06:41,010

Not to mention extremelly mean

67

00:06:43,910 --> 00:06:47,200

And what about that ridiculous idea  
of making them desire what they don't have

68

00:06:47,200 --> 00:06:50,060

and tire of what they do?

69

00:06:50,890 --> 00:06:51,710

Splendid!

70

00:06:51,680 --> 00:06:53,940

Even you have to admit

that was damn funny

71

00:06:53,940 --> 00:06:55,490

Hilarious

72

00:06:56,600 --> 00:07:00,630

However, if I had to pinpoint the reason  
for their coming extinction

73

00:07:00,660 --> 00:07:04,220

It could most surely not be blamed on us

74

00:07:04,240 --> 00:07:07,820

Grant you we should've equipped them  
with a better sense of humour

75

00:07:07,840 --> 00:07:10,620  
but aside from that

76

00:07:10,610 --> 00:07:14,130  
Humans are tiny, unhappy creatures

77

00:07:14,130 --> 00:07:16,600  
and they made their bed,  
so they might as well lie on it!

78

00:07:16,590 --> 00:07:20,770  
We made them unhappy, Wuyt!  
It was us! WE did it!

79

00:07:20,770 --> 00:07:22,820  
We screwed them up beyond measure!

80

00:07:22,790 --> 00:07:26,370  
And we made it up by creating a swell  
number of delightful creatures

81

00:07:26,370 --> 00:07:29,710  
that have existed for centuries,  
without complaint!

82

00:07:32,260 --> 00:07:35,480  
I mean, just look at how happy  
those amoebas are!

83

00:07:36,800 --> 00:07:42,440  
Unicellular organisms don't give a fig  
about who created them, or why

84

00:07:42,440 --> 00:07:44,380  
Simplicity is perfection

85

00:07:44,380 --> 00:07:47,530  
Unicellular organisms may be  
perfectly happy

86

00:07:47,550 --> 00:07:50,240

but they're perfectly boring!

87

00:07:50,240 --> 00:07:53,170

You just have to have it all, don't you?

88

00:08:29,080 --> 00:08:31,600

Why create a species you can't enjoy?

89

00:08:31,920 --> 00:08:35,000

Do you enjoy humans?

90

00:08:35,000 --> 00:08:37,160

Well, since you ask...Yes, at..

91

00:08:40,030 --> 00:08:42,090

At a distance, I do

92

00:08:42,790 --> 00:08:45,470

A safe planetary distance, that is?

93

00:08:45,480 --> 00:08:46,940

Yes

94

00:08:46,980 --> 00:08:51,690

Well, they're not very good at sharing planets,  
I think that's well established by now

95

00:08:54,250 --> 00:08:56,100

That they're dangerous?

96

00:08:56,200 --> 00:08:57,320

Yes

97

00:08:57,310 --> 00:08:58,550

And destructive?

98

00:08:58,530 --> 00:09:01,200

Yes, for Pete's sake, Wuyt!  
I created them as well

99

00:09:01,180 --> 00:09:04,210

I know perfectly well what  
their dysfunctions are

100

00:09:04,190 --> 00:09:07,310  
that doesn't make them any the less..enjoyable

101

00:09:16,460 --> 00:09:20,700  
I wonder if all the other species we left  
here to rot with them think alike

102

00:09:20,710 --> 00:09:23,620  
Mind you, I don't see you suffering  
for them either

103

00:09:23,620 --> 00:09:25,210  
Now you're being ridiculous!

104

00:09:25,200 --> 00:09:28,270  
You can't create a balanced ecosystem  
and then just start

105

00:09:28,290 --> 00:09:31,330  
chopping away pieces, and removing  
species because it suits your will

106

00:09:31,310 --> 00:09:33,430  
Everybody knows that!

107

00:09:33,400 --> 00:09:36,180  
So you do feel responsible  
for leaving them here?

108

00:09:36,200 --> 00:09:37,690  
Yes, of course I do

109

00:09:38,500 --> 00:09:41,350  
You have to take responsibility  
for what you've created

110

00:09:41,330 --> 00:09:43,390  
It's common courtesy

111

00:09:44,890 --> 00:09:47,750  
however, we had no choice

112  
00:09:49,040 --> 00:09:51,810  
I myself have chosen to see them  
as collateral damage

113  
00:09:51,810 --> 00:09:53,800  
And it's a pity...

114  
00:09:53,800 --> 00:09:57,210  
we created some fine species here

115  
00:09:57,200 --> 00:09:59,170  
These are simply delicious!

116  
00:09:59,170 --> 00:10:01,560  
You really should try one!

117  
00:10:02,840 --> 00:10:04,870  
Talking about the extinction of...

118  
00:10:16,160 --> 00:10:20,470  
As far as I gathered, there won't be  
many future visits to this planet

119  
00:10:20,480 --> 00:10:21,380  
Is that so?

120  
00:10:21,380 --> 00:10:22,260  
So it is

121  
00:10:25,320 --> 00:10:26,870  
You say that every year!

122  
00:10:26,880 --> 00:10:31,180  
Well, excuse-me if I misread  
the signs of utter annihilation!

123  
00:10:31,180 --> 00:10:32,210  
Twice

124

00:10:32,200 --> 00:10:34,200  
Yes, well, when you find them  
butchered in trenches or

125

00:10:34,200 --> 00:10:39,000  
throwing nuclear bombs at each other,  
you kind of expect it to be final!

126

00:10:42,610 --> 00:10:46,180  
They are remarkably resilient,  
you've got to give them that!

127

00:10:47,930 --> 00:10:49,680  
Maybe if we had explained

128

00:10:49,680 --> 00:10:51,630  
They would've blamed us for everything

129

00:10:52,890 --> 00:10:54,490  
and then killed us both

130

00:10:55,320 --> 00:10:56,110  
Quite possibly

131

00:10:56,800 --> 00:10:58,530  
Quite certainly!

132

00:10:58,520 --> 00:11:03,110  
Lynched, beheaded, electrocuted,  
perhaps burnt alive

133

00:11:03,110 --> 00:11:07,060  
Oh, you name it! They've become  
quite proficient in that matter

134

00:11:07,760 --> 00:11:08,460  
And yet

135

00:11:08,460 --> 00:11:10,350  
Have you lost your bloody mind?

136

00:11:11,380 --> 00:11:13,270  
They're barbaric

137  
00:11:13,270 --> 00:11:14,260  
and obnoxious

138  
00:11:16,520 --> 00:11:18,840  
All the other projects know about us!

139  
00:11:18,850 --> 00:11:21,880  
Because they are adorable!

140  
00:11:21,880 --> 00:11:24,530  
And peaceful creatures, all of them

141  
00:11:24,540 --> 00:11:28,410  
Hasn't it ever crossed your mind  
that's precisely the problem?

142  
00:11:28,410 --> 00:11:30,190  
They need answers!

143  
00:11:32,360 --> 00:11:34,890  
Oh, not this again!

144  
00:11:34,890 --> 00:11:37,280  
They're on the brink of extinction

145  
00:11:37,280 --> 00:11:39,230  
What harm is there?

146  
00:11:39,240 --> 00:11:41,460  
Besides, it's now or never

147  
00:11:41,480 --> 00:11:44,700  
Precisely, I fail to see where  
there's a choice here

148  
00:11:46,800 --> 00:11:48,090  
So

149

00:11:48,940 --> 00:11:50,730  
What?

150  
00:11:50,730 --> 00:11:53,940  
You're going to reveal everything?  
Right here? Right now?

151  
00:11:54,880 --> 00:11:57,430  
You'll just yell it out there  
in the middle of the square?

152  
00:11:57,920 --> 00:11:59,650  
Is that your plan?

153  
00:11:59,650 --> 00:12:02,680  
Apart from them yelling, yes,  
that is the essence of it

154  
00:12:02,680 --> 00:12:05,160  
Unless you've got a better plan?

155  
00:12:05,160 --> 00:12:07,200  
It's vain

156  
00:12:07,200 --> 00:12:09,160  
and obscene

157  
00:12:10,810 --> 00:12:12,810  
You're being irrational

158  
00:12:12,800 --> 00:12:17,020  
presumptuous, and what's worse, extravagant

159  
00:12:17,010 --> 00:12:20,330  
So there you are, you've turned into one of them!

160  
00:12:20,330 --> 00:12:22,250  
You're such a coward, Wuyt!

161  
00:12:22,250 --> 00:12:24,770  
No. I am responsible!

162

00:12:24,770 --> 00:12:28,010

This idea is so ludicrous I can't even...

163

00:12:31,610 --> 00:12:33,480

You know what?

164

00:12:33,480 --> 00:12:34,480

Go ahead!

165

00:12:34,480 --> 00:12:35,970

I won't stop you

166

00:12:35,970 --> 00:12:37,130

Not this time

167

00:12:40,240 --> 00:12:42,950

Go on! No one will believe you anyway

168

00:12:47,770 --> 00:12:49,600

Not in our original form, mind you!

169

00:12:49,600 --> 00:12:51,860

Yes, certainly!

No one will believe otherwise!

170

00:12:51,860 --> 00:12:53,360

This is not funny, Ikij!

171

00:12:53,360 --> 00:12:55,520

I only get to have a digestive system once a year

172

00:12:55,520 --> 00:12:57,410

and I intend to enjoy it!

173

00:12:57,400 --> 00:12:58,410

I'm warning you!

174

00:12:58,940 --> 00:13:00,480

You're warning me?!

175

00:13:01,040 --> 00:13:02,750  
Alright, I'm beggin you

176  
00:13:02,760 --> 00:13:03,660  
There! You're happy now?

177  
00:13:03,660 --> 00:13:04,720  
Hardly

178  
00:13:04,720 --> 00:13:06,680  
Oh, bloody hell Ikij!  
What will you tell them?!

179  
00:13:06,680 --> 00:13:09,570  
I am God. And that fella round  
the corner, well, he is God too

180  
00:13:09,560 --> 00:13:12,880  
We kind of fucked up your existence  
but we want to make amends

181  
00:13:12,880 --> 00:13:15,690  
Oh, yes! I see that working out  
perfectly for us!

182  
00:13:16,160 --> 00:13:17,980  
But we're not God!!

183  
00:13:17,970 --> 00:13:19,890  
Why would I tell them that?!  
Don't be absurd!

184  
00:13:19,880 --> 00:13:21,600  
They're confused enough as it is!

185  
00:13:21,600 --> 00:13:25,030  
Exactly! Can't you see?!  
They like being confused!

186  
00:13:25,020 --> 00:13:28,950  
They need to know  
but they don't want to know

187

00:13:28,940 --> 00:13:31,560

Oh, for goodness sake!

We made them that way, remember?

188

00:13:31,560 --> 00:13:33,940

But what if they can handle it?

I mean...

189

00:13:33,930 --> 00:13:36,320

It's not for us to decide for them

190

00:13:36,320 --> 00:13:38,400

What do we know?

We only created them!

191

00:13:38,400 --> 00:13:40,720

And whatever happens they deserve to know!

192

00:13:42,840 --> 00:13:45,400

Fine, let's say you're right

and we should tell them

193

00:13:45,400 --> 00:13:48,000

Do you really want it to be like this?

194

00:13:48,000 --> 00:13:52,330

No preparation. No speech.

No thought on it on your part?

195

00:13:52,320 --> 00:13:57,250

Don't they deserve more than this  
sloppy revelation?

196

00:13:57,250 --> 00:14:00,520

I mean, you only get to reveal  
this kind of thing once

197

00:14:00,520 --> 00:14:03,090

it should at least be well presented!

198

00:14:03,090 --> 00:14:06,640

Yes, but just now you said

there might be no more chances

199

00:14:06,640 --> 00:14:09,770

And I'm always wrong!

You said so yourself!

200

00:14:14,930 --> 00:14:19,800

Chances are we'll come here next year

and not a significant thing will have changed

201

00:14:19,800 --> 00:14:22,930

Obviously they won't be the same humans,

but what difference does it make?

202

00:14:22,930 --> 00:14:27,290

These humans, those humans...

They'll be just as thrilled!

203

00:14:27,280 --> 00:14:29,280

I suppose it would give them a century

to prepare themselves

204

00:14:30,690 --> 00:14:34,000

as a species, in their time frame

205

00:14:34,010 --> 00:14:35,880

Certainly

206

00:14:35,880 --> 00:14:39,120

And it would give me time

to write my speech

207

00:14:39,120 --> 00:14:41,280

Improvisation has never been my strength

208

00:14:41,280 --> 00:14:42,650

True

209

00:14:48,320 --> 00:14:52,520

Right! Next year it is then!

210

00:15:06,000 --> 00:15:10,370

Funny thing! You know not that long ago  
you said bloody hell?

211

00:15:12,960 --> 00:15:15,560  
How do they come up with these things?

212

00:15:15,560 --> 00:15:17,490  
God? Hell?!

213

00:15:17,480 --> 00:15:19,720  
Beats me!

214

00:15:19,720 --> 00:15:23,480  
But I've looked into that hell of theirs  
and it sure is a terrifying place

215

00:15:23,480 --> 00:15:28,660  
Gruesomeness! They just can't get  
enough of it, can they?

216

00:15:41,000 --> 00:15:42,400  
It's for a film

217

00:18:24,490 --> 00:18:26,340  
Wuyt

218

00:18:26,330 --> 00:18:28,900  
Who do you think created us?

219

00:18:28,900 --> 00:18:30,130  
Don't be silly

220

00:18:30,120 --> 00:18:32,640  
We weren't created, we evolved!

221

00:18:32,640 --> 00:18:34,360  
Evolved?

222

00:18:34,360 --> 00:18:36,910  
From what exactly?!

223

00:18:37,210 --> 00:18:39,210  
Who knows...

224  
00:18:39,210 --> 00:18:41,560  
That's the beauty of it!

225  
00:18:41,560 --> 00:18:43,110  
Doesn't it bother you?

226  
00:18:43,120 --> 00:18:45,190  
Not knowing?

227  
00:18:45,210 --> 00:18:47,950  
Far less than this conversation

228  
00:18:49,690 --> 00:18:52,270  
Some humans believe that when they perish

229  
00:18:52,270 --> 00:18:56,850  
their vital energy is transferred  
onto another unborn creature

230  
00:18:56,840 --> 00:18:59,690  
They call it reincarnation

231  
00:18:59,690 --> 00:19:02,000  
That's such a good idea!

232  
00:19:02,000 --> 00:19:04,220  
I wish we had come up with it ourselves!

233  
00:19:04,210 --> 00:19:06,020  
I know, it's...

234  
00:19:07,800 --> 00:19:08,930  
Sustainable

235  
00:19:08,930 --> 00:19:11,620  
Do you think we can give it a go  
on our next planet?

236

00:19:11,840 --> 00:19:13,740  
I don't see any reason why not

237  
00:19:15,690 --> 00:19:17,650  
Reincarnation

238  
00:19:18,210 --> 00:19:19,600  
I love it!

239  
00:19:22,730 --> 00:19:27,680
