

**Tom Rosenthal | "Oh No Pedro" - Official music video  
Lyrics**

He doesn't know what to do with his plans,  
All the thoughts keep him rolling in the night

He doesn't know what to do with hands  
They're just always sticking out like a knife

He's lost his bag, oh no  
Where was the last place you saw it, Pedro?

Pedro's fallen in love, he's lost all his heart to her  
His love found another love, the lost words of a whisperer

He's lost his heart, oh no  
Where was the last place you saw it Pedro?  
Where was the last place you saw it Pedro?

Oh no Pedro it's gone all wrong  
but it's alright, we're all in this song

He doesn't know what to do with his words,  
How to send them from the brain to the mouth

What order does he put them in?  
and which ones does he just leave out?

He's lost his gods, oh no  
Where was last place you saw them, Pedro?  
Where was last place you saw them, Pedro?

Oh no Pedro, it's gone all wrong  
but it's alright we're all in this song

Oh no Pedro it's gone all wrong  
but it's alright we're all in this song
