

Buenos Aires, January 24th, 2019

TO WHOM IT MAY CONCERN:

Having knowledge about the Project "Explaining with words of this world" (working title), of our talented student Sofía Castro is a pleasure for me to write praise words for it.

I hope she will develop the project and if so we are interested in cooperating in its concretion in terms of image and sound post-production processes following the schedule we will agree.

Sincerely,

Arq. Mario Santos
Vice-Rector, Universidad del Cine
