

A woman with long, wavy brown hair is sitting on a pink sofa. She is wearing a bright yellow, long-sleeved dress with a white Peter Pan collar. She is looking down at a yellow smartphone in her hands. The sofa is decorated with two large, plush, red heart-shaped pillows. In front of her are several stuffed animals: a white teddy bear, a white unicorn, and a pink piggy bank. The background is a wall with a floral pattern featuring pink roses and flamingos. The entire scene is framed by a thick yellow border.

ABOUT THE FILM

Do You Want To Go Out With Me? was supposed to be an idea for a dating app commercial and ended up becoming a short film. The project took one year to develop and it was shot in Pamplona, Spain, in 2020 August 25.

The actors, Christian and Garazi, are a couple in real life. It added some kind of special complicity to the story.

Designing and creating the sets in combination with the atrezzo and costumes was the most complicated part. The pink room was created from scratch at director's house; the bedside tables, lamps, headboard of the bed, cushions etc. were acquired specifically for the shooting. For the man's living room, the director's sister's house was used, adding new atrezzo and changing all the furniture positions.
