

## The Never Was

By Mike Messier

Let me tell you about the could-have-been  
The would-have-been  
The Never Was

Let me tell you about the man  
That came so close  
Oh so close  
But just couldn't quite get it done

What's this you say?  
What's that man's name?  
I cannot recall

The Never Was name never lives in infamy  
The Never Was name is forgotten
