To Whom It May Concern:

I am Dr Alex Lichtenfels, Senior Lecturer and Programme Leader for BA (Hons) Film Production at University of Salford. I am writing in strong support of the entry *In Vitro* to your film festival, produced by University of Salford students. This is an excellent film displaying a level of creative and technical achievement rare in student productions, and I have no doubt that it would make a fine addition to your festival line up.

Sincerely,

Dr Alex Lichtenfels
Senior Lecturer in Film Production
Programme Leader for Film Production
University of Salford
