Ans. We used Avid Pro-tools for sound designing.

5. Why did you use a specific song in the party scene?

Ans. A group of friends when together always do that 'one thing' and jam to ‘their song.’ So I used a commercial Hindi song which is about drinking shots because that was 'their thing.' The lyrics and rhythm of the song instill the emotion of love and friendship when the two of them remember their late best friend. It's almost as though they can feel his presence amongst them when the song is played
