

## HIGHER DIVINE Pilot episode storyline

The Pilot episode Teaser.

Our Protagonist, BRADLEY ASHE is an Israeli Defense Force soldier in battle; the son of Ethiopian parents killed by an IED. He and his squad are taking fire from Hamas factions in the conflict zone.

It looks like he dies but then enters RENALDI, an immaculate super powerful extraterrestrial enters his body. BRADLEY ASHE is now alive and endowed with superpowers.

The audience won't understand everything, but it will create enough curiosity and good anticipation. Then, the story will flashback leading back to this moment and fills in the information the audience needs. This could be the audience hook .

THE actual story opens in the seventh century, KING ESARHADDON is under attack. He chants verses from the, "Biblion Ebeninos Pall", herein called, "THE BOOK". It has magnificent powers to take one to the past, the future or to change destinies. A time portal appears, saves KING ESARHADDON and takes him to present day.

Meanwhile, on the planet Gorgon, in the YDRA galaxy live EURYALE and STHENO, they are the evil Medusa's sisters. It's a world of evil demons that has an inhabited asteroid orbiting their planet.

The asteroid dwellers of Alteria are called Alterians, they are puppets; but real in their realm. They evolve from cloth, to mannequin, to robot. And if fortunate, to a superior superpower status called, The Higher Divine. RENALDI is an Alterian who's reached the evolution of Robot.

The Alterians live in constant combat training. The Gorgons don't like an asteroid orbiting their planet. They're willing to use any excuse to set off a battle so they can blow up Alteria and its inhabitants. For centuries they've tried to make the Alterians believe their worlds will collide.

Led by RENALDI, a small assembly of Alterians attends a summit on the planet Gorgon to convince them no condition for collision exists. During the meeting the Alterians are attacked and a battle ensues. Most of the Alterian party is killed.

RENALDI, beaten but spared is sent back to Alteria with a message to prepare to be demolished. There he suddenly evolves to the Higher Divine, superpowers with two vulnerabilities; heat and his body can be punctured by a metal called KHALUP.

EURYALE and STHENO leave in one ship but they send another spaceship to obliterate Alteria. RENALDI tries to stop it but the spaceship eventually annihilates Alteria. RENALDI's anger turns to fury. He mightily destroys the Gorgon space ship then finds himself the last survivor.

RENALDI realizes the need to make his world whole again; "THE BOOK". He streaks across space to find it at its last known location; Earth.

From their spaceship, EURYALE and STHENO delight in the destruction. As they watch, a chunk of the smashed Alteria rockets into and destroys their planet Gorgon. The planet Gorgon explodes in a million pieces.

EURYALE and STHENO are left without a planet. The Gorgon's new mission is to eradicate Earth and make it their new home, which becomes the subplot.

Once on Earth, RENALDI uses his powers of invisibility to try to locate, "THE BOOK" without being seen.

In the meantime, KING ESARHADDON has become Israeli Security Forces boss, MARTIN LLESSUR. Our Co-Protagonist, PERCY and his seedy friend, GRADY break into LLESSUR's residence and steal a gun, money and "THE BOOK" which was incidentally part of the loot. GRADY sees no value in "THE BOOK" so he gives it to PERCY.

GRADY goes home to find EURYALE and STHENO there; they've turned his home into a demonic shrine. The demons hold GRADY's family hostage and force him into doing their bidding. Instead, GRADY seeks advice from THREE WISE OLD ASTROLOGY MINDED HERETICS whose hobby is making replicas of objects. They advise GRADY that the answers are in, "THE BOOK". GRADY looks for PERCY.

GRADY and PERCY talk in a very seedy part of town. RENALDI secretly listens in when GRADY tells PERCY he needs, "THE BOOK," an unsavory gang attacks PERCY. GRADY runs off. RENALDI appears and beats up the gang members and spares PERCY from them.

PERCY's most trusted adopted brother is the Israeli soldier, BRADLEY ASHE. PERCY's parents were killed by IED as well. Both were taken in and raised by the kind old lady GRANDMA WEIL.

The soldier, BRADLEY ASHE has disdain for TAYLOR CASTRO, a female soldier in his crew, but they later make amends. In combat the two are in danger. BRADLEY ASHE and TAYLOR CASTRO are about to be killed in combat; RENALDI appears and can only save one. He saves TAYLOR CASTRO. Soon after, her tour of duty ends.

In the sepia toned spirit world, BRADLEY ASHE's body rises from the battlefield. RENALDI meets BRADLEY ASHE" in afterlife. RENALDI offers BRADLEY ASHE his life back if he will help find, "THE BOOK". They agree to become one with two identities. BRADLEY ASHE is revived.

RENALDI has become BRADLEY ASHE and proves to PERCY that he's now the alien that saved him from a gang fight. They go for some brotherly bonding at their childhood amusement park.

Having finished her tour of duty, TAYLOR CASTRO's become an Israeli police officer working with her dad MOTKE. BRADLEY ASHE sees TAYLOR CASTRO off duty at the amusement park. Suddenly the roller coaster malfunctions.

BRADLEY ASHE springs into action and saves TAYLOR CASTRO's life. TAYLOR CASTRO can't believe its BRADLEY ASHE. He convinces her he's now the alien that saved her on the battlefield, and that he's BRADLEY ASHE as well.

BRADLEY ASHE asks PERCY about, "THE BOOK." PERCY admits he sent it to the Israeli museum. PERCY's character arc moment is, "Call me crazy, but if people wanna stop what's wrong in this world you have to start by doing what's right."

They check the museum; no book. Little do they know, EURYALE and STHENO seized delivery. BRADLEY ASHE and PERCY go on an adventure search for, "THE BOOK" but they can't find it.

Because of BRADLEY ASHE's superpowers EURYALE and STHENO know he could only be RENALDI and they blame him for the destruction of their world. They want BRADLEY ASHE dead.

EURYALE and STHENO give GRADY a special weapon to go gun down BRADLEY ASHE. In the fracas, ISRAELI Police Officer MOTKE, (TAYLOR CASTRO's father) is killed instead and GRADY runs.

MOTKE's murder investigation begins and the hunt for the killer, GRADY gets underway. This creates subplot number two. This is when BRADLEY ASHE, PERCY and TAYLOR CASTRO team up. They find evidence that the demons, EURYALE and STHENO have arrived on Earth.

In their search for MOTKE's killer, EURYALE and STHENO catch BRADLEY ASHE, PERCY and TAYLOR CASTRO by surprise. The demons shoot bolts of lightning and thunder at PERCY and TAYLOR CASTRO.

BRADLEY ASHE shields PERCY and TAYLOR CASTRO then gets torched saving them. BRADLEY ASHE is a head to toe inferno. Appearing dead he falls to the ground in flames. This ends the pilot episode and the audience is left with a cliffhanger.
