

# HECTOR TAPIA AGUILAR

CINEMATOGRAPHER . DIRECTOR . EDITOR

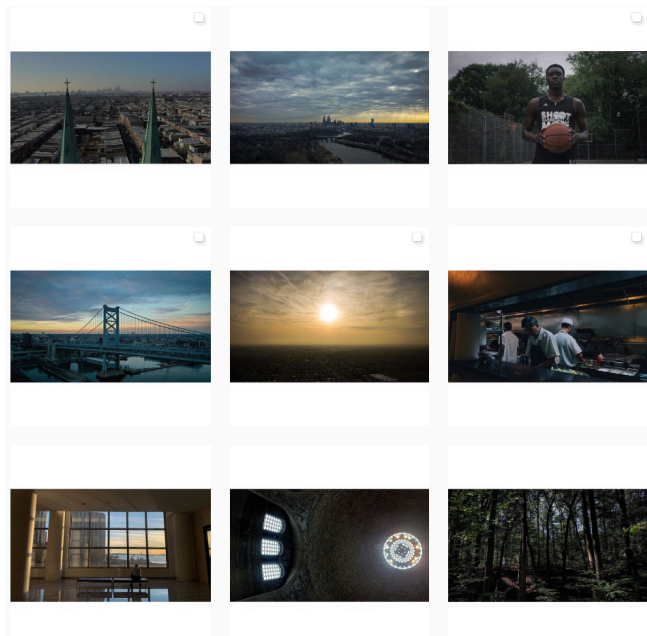

## ABOUT

My passion for moving and still images has led me to explore all kinds of places but most importantly, to connect with different people around the world. I think that's where the magic happens. From Patagonia in Argentina to San Francisco, Mexico City, NY, LA, Buenos Aires, Rio and more, I've been filming documentaries, landscapes, commercials, time-lapses, and droning. Every adventure has shaped my eye and soul in a unique way. That's why storytelling has given me freedom, knowledge and a sense of belonging and connection to this world.
