

**HUNTED**

*Lyrics by Lisa Hammer (c) 2020*

I met you in the woods last night  
Where we howled like wolves  
I remember, it was more than a dream  
Where many shapes appear  
You followed me there

I glide like a ghost  
Down the halls and streets  
Unable to open my eyes  
To your devastation

**CHORUS**

Day and night  
Day and night  
You plague me  
You hunt me  
You send me kisses so sweet  
I lose my way  
I lose my way

I met you in the sea last night  
Where we swam like mermaids  
At first, I was alone under water  
But when I opened my eyes  
You were there smiling at me

So many spirits inside you  
Each face different  
All betray the others  
All cry out together

**CHORUS**

Day and night  
Day and night  
You plague me  
You hunt me  
You send me kisses so sweet  
I lose my way  
I lose my way

**ENDING**

Hunted...
