Synopsis

Roger Tasunka est un jeune Indien pauvre qui fait face à plusieurs défis pour entrer dans un gang de motards. Impétueux et résolu, il part de son temps pour conquérir sa place, faisant tout pour obtenir sa moto et conquérir la plus belle femme de la bande, Jacky.

About the Film

Lone Rider is a student animated film, which has become a serious thing from adapting American mythological tales, where various types of characters arise in the collective social unconscious, such as indigenous leaders, animals, confederates, warriors, relatives, mythical beings and gods of various tribes scattered throughout the North American territory.

Lone Rider rescues these traditions with much respect, bringing joy and fun to the public, with a character characteristic of their new times, with difficulties, struggles, overcoming and victory.

Produção

The film was originally produced in Portuguese, with voice acting in Professional Studios, with expert technicians and professional actors in the voice acting. Subtitling in several languages is being produced at this time and will be available to the public already in 2022.
