

OUR MISSION

Join Mark Vins, host of Brave Mission, to Protect Virunga National Park and its wildlife by supporting the heroic Virunga Rangers. The Congo's imperiled Virunga National Park has suffered from decades of human encroachment and deforestation. The environmental impact of illegal coal trade and poaching threatens both local communities and endangered Mountain Gorillas. The rangers risk their lives to protect Africa's Oldest National Park - and they need our help.

Mark Vins is on a mission to save the imperiled ecosystem of Virunga National Park. The rangers who protect it risk their lives every day to save the park, including the people and wildlife who depend on its resources. Watch and share Brave Mission to learn how you can donate to help reach our goal of \$500,000!
