This is not called killing, it's called pulling the plug

Scene 1: detective meeting

Two detectives, one male (Chinese) his name is Peng You and one female (Indonesian) are discussing their new case at the office. They go through some paperwork.

Female Detective

I just received the new update from the moonbus hijacking, it appears to be a military moonbus, to make matters worse, it crashed here in Macao at the no go zone!

Peng You

Just how many Androids are we talking about?

Female Detective

Well we don't know how many androids are here on earth. Possible 3 or 4 confirmed. However a military bus can contain more than 200 people. Also we have a report of a woman who seems to be involved with the moonbus who is also an employee at the rose corporation, she also work at one of those night clubs, I will go there and investigate her personally.

Peng You

I don't get it, why would they risk to come back to earth? What do they want from here?

There is no answer, just a shrug, then they go back to the paperwork.

Scene ends with the title logo and name introductions.

Scene 2: time to buy a pet

A man name Jeter (white euroasian) stands next to a Pet shop, he looks depressed when he enters the shop he get greeted by the pet shop Owner dressed as a veterinarian.

Pet Shop Owner

Oh hi Jeter... long ti time no see

Jeter

Hey I must say you kept the place warmly

Pet Shop Owner

I do my best, my goal is to make sure our pets feel comfortable

Jeter

Ya about that, I saw a brochure about you have real dog for sale

Pet Shop Owner

Oh I'm sorry, that dog is occupied for someone

Jeter

What? But it said it was for sale just now

Pet Shop Owner

Yes but it's for sale for another type of client

Jeter

Oh really, what type?

Pet Shop Owner

You know, an high official one

Jeter

Oh, one of those kind

Pet Shop Owner

You do know we can't sell you any pet due to your status

Jeter

A detective is not good enough for a dog, right?

Pet Shop Owner

Specially a killer detective

(Jeter doesn't say word)

Pet Shop Owner

I do have a friend who sell cats

Jeter

Cats? You mean real cats?

Pet Shop Owner

No, an artificial one

Jeter

No no, I don't care about a fake animal

Pet Shop Owner

But you always hang out with androids

Jeter

I hunt them for a living, why would I care for an android?

Pet Shop Owner

I'm talking about a pet android not a humanoid android

Jeter

Same thing, they're just machines, benefit or hazard..

Pet Shop Owner

They look human to me, even you made that mistake once

Jeter

Just tell me when I can buy myself a real animal

Pet Shop Owner

Well if you have a word with your boss about deleting the info file about you then maybe next month you may buy one

Jeter

Right and that won't happen, speaking of my boss I should get back to work now, any more advice for me?

Pet Shop Owner

make sure you know your target before pulling the trigger!

Jeter doesn't respond, he just stare her down then leaves.

Outside the pet shop Jeter stare at a video screen at the wall, it shows a puppy playing, then it changes to a commercial with a model dressed as a Japanese school girl

Japanese school girl

Hi, are you lonely? So am I, why don't you join me in the time machine club, where you can join me as my teacher in 1980 Tokyo (then the video show two hot girls dancing) or how about joining these two sweethearts and party with them in 1999 (then it change to a picture of a beautiful model) or why not try our new vip model Ruby, she is waiting for you to join her for a ride at the orient express 1914..

Jeter just shake his head as he leaves on his way to the police station..

Scene ends.

Scene 3: at the police com room

At the computer room, Jeter is staring at the security cameras, he sees two police officers arguing with each other, next camera shows a scruffy looking man waiting at the lobby, Jeter then press a button, he sees his friend Peng You in hospital, completely wrapped up with an air mask to breed, he then check the data files.

Computer voice

This is the final report of Detective Peng You.
A military moon bus is forced to make an emergency landing on Mars, a group of robots attack the moon bus and fly back to Earth, the crew goes missing, and the bus crashes in Macau. We have 2 suspects, 2 women, one named Ruby and one named Celina. Celina seems to have something to do with ROSE, and she was seen in the restricted area of District 4. She is a high suspect..

Jeter remember the commercial he saw before going to work, there is a flashback of the video of Ruby from the Orient express. Back to reality Jeter check the info about Ruby.

Name: Ruby
Age: 29
Sex: female
Employee: Time Machine Club
During since first time work: 2 months
Families: unknown
Ethnic: Thailand
Blood type: unknown
Legal certification: unable to access

Jeter finds this info interesting and go to see his boss
Scene ends.

Scene 4: Boss office

Boss by the name of B.Ryan (Singaporean Chinese) sits at his office working his paperwork then Jeter enters his office

Boss

Jeter, come on in, and shut the door on your way in

Jeter

No thanks, last time you told me to close the door, someone had messed up your office, and I became the clean up crew..

Boss

Quit being a wise guy, I don't have time for that, your friend was attacked by one of those fugitive androids

Jeter

Really ? How serious is his condition?

Boss

He is still alive, unless someone unplugged him at hospital, to make matters worse, I hired another hunter to go after those androids, she is missing and presumed dead.

Jeter

Yeah, I read the report at the computer room, she found one suspect, a woman named RUBY, she works as a comfort actress at the time machine club.

Boss

We need a search warrant first, we have to deal with that later, right now we have a new suspect, an employee at Rose Corporation, we have seen her walking around the no go zone, I want you to go there and give her a test..

Jeter

Test? You send me there just to test an employee?

Boss

Rose corporation is the highest corporation in the world. If there is an android working there, then it might put some influence on Lady Rose.

Jeter

But if we fail the test, the android detective unit might get bankrupt...

Boss

We have to take that chance, new equipment is over there.

Jeter (pick up a small phone)

How does it work?

Boss

You aim it at the suspect eye, and press the button and read the question selected to you until you get a 100% result..

Jeter (pick up small iPhone headphones)

What's this?

Boss

That's for the suspect to put on their ears, that way the machine can read if their thoughts are genuine.

Jeter

Is it dangerous?

Boss

It's not radioactive if that's what you're asking, don't forget your pistol..

Jeter (pick up his pistol)

Still trust me this one?

Boss

I don't, but I have no choice this time

Jeter

Alright , I'm off then

Boss

Just a minute, see that guy over there at the lobby? That's Nakata from the Tokyo department. He's your new partner.

Jeter

What? No way, I want to crack this case by myself

Boss

You have no right to ask me that, if you want your name to be removed from the black list then you better do as I say

Jeter

So no choice then

Boss

No choice, unless you quit, but you know what they say, if you're not a cop then you're nothing.

Scene ends

Scene 5: Jeter meet Nakata

Nakata (Japanese) is a detective Colombo style, he is about to shake hand with Jeter but Jeter is suspicious, doesn't this man knows it's forbidden to shake hand?

Nakata (With a smile)

Hey, are you a Jeter? I'm Detective Nakata. I look forward to work with you.

Jeter

Likewise

Nakata (smile disappears)

I think that means the feelings are not mutual

Jeter

Let's just say I'm used to working alone

Nakata (with a smile)

Oh, I know what you mean, I was like that at your age, but lately I enjoy working with a partner. It reminds me of an old detective movie I was watching.

Jeter

Yeah, well, we should go, Rose Corporation expects us.

Nakata

Okay, but I wait in the car while you interview them alone, and I won't get in your way.

Jeter

Sounds good

Nakata (with a smile)

Wow, Just Like in a movie..

Scene ends

Scene 6: Jeter at The Rose Building

Rose corporation is beautiful, has a lot of waterfalls, fountains, and green grass, animals are eating the grass, Jeter enter the building, he is impressed by the giant pool, Marie (beautiful Macanese angel looking) enter the scene behind him.

Marie

Beautiful isn't it?

Jeter

The pool or the building?

Marie

Both

Jeter

The pool is amazing, the building is well is too large for me

Marie

We spare no expense on quality

Jeter

You're lady Rose?

Marie

No, I am her niece, my name is Marie

Jeter

I'm inspector Jeter

Marie

I heard that you Hunters don't like human replica androids

Jeter

The Android detective unit was created because the public got nervous when your pets walked around the city with no leash!

Marie

Androids aren't pets

Jeter

I know, pets live longer, plus they don't go around and killing people..

(Suddenly Lady Rose appears, Japanese woman, beautiful old lady dressed in kimono, she is not happy to see Jeter)

Lady Rose (interfere)

Is this a politic discussion or are you here on business ?

Marie

Lady Rose, this detective Jeter from the Android Detective Unit

Jeter

Nice to meet you , I'm here because we believe your corporation is giving fugitive androids employment here for safety.

Lady Rose

And you're here to give my employees an empathy test right? You're not the first android hunter for that, if I'm gonna allow you to harassing my employees I want to see a negative result first before I give you the one who might be a positive.

Jeter

What good will that do?

Lady Rose

Sorry mr Jeter, my building my rules.

Jeter

Ok, who is the subject?

Marie

I am!

Jeter

You? Are you sure?

Marie

If I'm not then I wouldn't volunteer would I?

Jeter

Fair enough

(Jeter pulls out a mobile phone computer and headphones, he gives the headphones to Marie)

Jeter

Put the headphones on, it will read your mind while while I ask you some harsh questions, don't worry it's not radioactive.

(Marie put the headphones one her ears, she nods that she is ready, Jeter open the mobile phone and a small computer shows)

Jeter

Reaction time is a factor so please pay attention and answer as truthful as you can.

(Jeter push a button and the test begins)

Jeter

Your dream is to become an actress, you finally get a chance, your sister tells you to do something else like dishwashing or something.

Marie

She is not my sister if she said something like that, because families are supposed to support your decision in life unless your choice is dangerous

Jeter

You're dating someone, then you find out your date is already married.

Marie

I would tell his wife about it.

Jeter

Your watching a bullfight, the matador is about to kill the bull...

Marie

Are you testing me if I am an android or an animal lover?

Jeter

Let me finish, the matador is about to end the life of the bull suddenly the bull fight back and stung the matador by his belly, they're both lying down wounded. Who Would you help, the beast or the man?

Marie

Both, I hate seeing creatures wounded.

(While Jeter questioning Marie, Lady Rose looks with a smile and happiness with pride over Marie)

Jeter (finished the test)

Well it's a close call, mostly positive than negative, I would say 60-40% but it's clear you're not human, (turn to lady Rose) satisfied ?

Lady Rose

I am, but you're not, this proves it's not working

Jeter

What do you mean?

Lady Rose

You said it wasn't 100% that means it doesn't work, do you really think that my niece is an android?

Jeter

I don't know, this sounds a little suspicious to me

Lady Rose

Let me explain, Marie had an accident on her way to off world colony, her shuttle almost exploded out of space, she

returned in a deranged state. She has been kept in a isolation chamber for 16 years to recover, that would explain her less of empathy.

Jeter

That's ridiculous, even if it's true, you don't lose empathy by just being isolated.

Marie

Have you ever been isolated? Do you know how that feels? Have you avoided humans for 16 years?

Jeter

I don't know, there is something fishy about this

Lady Rose

Marie, I don't think he is buying our story

Marie

Well maybe there is something else he like to buy?

Jeter

I'm listening

Marie

Did you see our animals outside?

Jeter

I'm not interested in artificial animals

Marie

We have real animals as we use as models for the artificial.

Jeter

(To Lady Rose) seriously? Like that white tiger?

Lady Rose

We were rewarded with two white tigers one female and one male, they had Cubs, you can have one if you want, but there is a condition, that you erase the information you got on my

niece, and make sure no other hunter will follow her. I think you know.

Marie

Think about it detective, you don't have to be hunter anymore, with a rare white tiger you can be a high official, and you can afford to off world if you like, think about it, if you do as we say then it will be yours.

Jeter (Relies what she said)

It... you called the tiger an it... not a he or a she, are you trying to bribe me with a fake animal?

(Lady Rose smile disappear, Marie looks surprised)

Jeter

In that case the test continues until we get 100%

Marie

You know what, I don't think I want to continue

Lady Rose

Marie, let me handle this, ok Jeter you win, but I will allow the test continue if you only ask one question. Just one, if it's positive results then you have your answers, but if it's negative then you qualify Marie as a Human being. Only one question.

Jeter

That's ok I only need one, you still have the headphones?

Marie

yeah, I haven't removed them yet

Jeter (put on the computer again)

Ok, so what do you think about my jacket?

Marie

What about it?

Jeter

Human hide , it's manufactured by genuine human hide

(It's an awful question by Jeter, but Marie doesn't even react, not even a wink, Lady Rose relies they have lost)

Jeter

I think you know the final result, even if you have a lack of empathy, a real human being would have had some reaction to an awful question like this.

Lady Rose (to Marie)

Marie I would like to have a word with the detective alone if you don't mind.

Marie

Of course ma'am

(Marie leaves, Jeter relies the shock in her face)

Jeter

She doesn't know?

Lady Rose

I think she has suspected for a long time

Jeter

Suspect? But she should know what she is, I mean what it is..

Lady Rose

Because we are giving our new models a past, a pure innocent childhood, and a reason to exist, in other words we are giving them a life so we can control them better.

Jeter

Wait a second, you're talking about memory implants

Lady Rose

Correct, we have two android twins, Selina and Marie, they are our first androids with memory implants in their system.

Jeter

Isn't that illegal ?

Lady Rose

For the moment yes, the law can always change, but for now I do anything to protect my Marie, I gave her the memories of my long dead niece, Marie is now the only family I have left. Selina on the other hand, I'm afraid we gave her the wrong memories, she is more dangerous and intelligent, but I beg you Jeter, do not report Marie, please.

Jeter

I suppose we can call her an high officials property, but I'm not sure if it will work.

Lady Rose

Wouldn't you do anything to protect your daughter?

(Jeter, is surprised that Lady Rose knew about his daughter, but he doesn't respond to her remark)

Outside the building stand Nakata waiting for Jeter, when he see Jeter coming back he make a gesture to him of what's going on, and Jeter just reply with shaking his head, they both enter the car and leave, inside the building stands Marie near the window waving to the car like an innocent child.

Scene ends.

Scene 7: Jeter & Nakata showdown

(Inside the car Nakata check the information of Marie)

Nakata

Well I checked her data files, looks like she stayed there for quite some time, so she's not one of those androids we're looking for.

Jeter

Well, even if she were, we can't go for her, she's the property of a big company.

Nakata

Now, there are still other androids we should look for. Do you have any ideas how to find them?

Jeter

First of all I want to find out who attacked my ex-partner

Nakata

Oh, do you mean that an andy attacked your ex-girlfriend?

Jeter

Not my ex girlfriend. A Detective. One of our best, he was attacked by one of those androids, he's okay, but in the hospital he will reveal the attacker when he wakes up.

Nakata (looks nervous)

Well, there is no air in this stinking car. Let's go out. I need to breed some air.

Jeter

(looks surprised then he stops the car)
You Want to go outside?

Nakata

Yeah, I have something I want to show you, that I can only reveal to you. So remember this must stay between you and me..

Jeter doesn't respond he just step outside with Nakata, they are standing alone in an alley.

Jeter

What are we doing here?

Nakata

I smuggled a gun into your pocket, take a look..

Jeter

(He takes out the gun, it's unfamiliar)

What is this?

Nakata

Brand new laser gun, you push safety there

Jeter (he presses an armed button)

Okay, what am i doing now?

Nakata

Come on, shoot

Jeter

Where to shoot?

Nakata

Wherever you like

(Jetter fires a gun and nothing happens)

Jeter

It's Not working

Nakata

(He shows the remote with a proud smile)

That's because I disarmed it with this remote. The gun does nothing without my orders.

Jeter (the gun begins to point at him)

Wait, are you doing that? Are you pointing at me with that remote controller?

Nakata

Yes, I can drop the gun miles away from me and use this remote to aim and shoot.

Jeter

very clever indeed

Nakata (he seems to be proud)

I know, and it's rare, you won't be able find a gun like this anywhere on this planet

Jeter

What do you mean by that?

(Nakada doesn't respond, he relies he spoke too much, and looks nervous)

Jeter

This is an off-world weapon isn't? Where did you get it?

Nakata

Oh, in the black market. I met smugglers there and stole their weapons before they were sent off-world.

Jeter

They are manufactured off-world. There is no way to get such a weapon on earth.

(Nakada relies Now that Jeter knows that he's an android)

Nakata

Damn, you're too smart just like your friend. Yes, I am the one who hospitalized your friend, only because I didn't have time to finish him but you won't be so lucky. It's a pity that I started to like you. Oh Well it's time for you to die.

(Nakada pressed the fire button on the remote control, but nothing happened. He ignited it again, but nothing happened)

Nakata

Damn, why doesn't it fire?

Jeter

That's because it includes an police ID detector. This gun won't not fire at police officers

Nakata

Damn, I have to use my bare hands. (He tries to attack Jeter)

Jeter

(Pull the gun and aim) Don't come near me, otherwise I'll shoot.

(Nakata tries to attack, but Jeter shoots straight at Nakatas chest. Nakata dies)

Jeter goes back to the car, he sits and thinks about what just happened, he presses a button to report the incident, the telegram to his boss says,

Nakata is an Android he has been terminated, will report back for information later stop,

the telegram response message received, he drives away. While driving he receives a response from his boss, it says,

understood, will give you the search warrant for Ruby soon stop.

The scene ends

Scene 8: Jeter at his apartment

(Jeter falls asleep at his apartment, suddenly he is dreaming, first he dream about Marie smiling at him, then his daughter Yohanni is in the dream smiling and waving to Jeter)

Yohanni (dream)

Daddy , daddy, I miss you...

(Then suddenly, Jeters friend is in the dream)

Peng You (dream)

Why are the androids coming back to earth?

(Jeter wakes up and pull a gun out, aiming straight, there stands Marie, she has been waiting for him to wake up, but she remain calm)

Marie

Please, it's rude to point!

(Jeter remove the gun, she look around his apartment)

Marie

I like what you done with this place, looks pure like a church

Jeter

Is there a reason for you to be here?

Marie

Yes, I came to say thank you, for not reporting me. I have some gold coins for you as a small thanks

Jeter

androids like other machines, benefits or hazards, you're benefit for lady Rose so there you go.

Marie

Still a cold detective I see, is that your daughter? The picture of a baby at your desk, she is cute. Where is she now?

(Close there is a picture of Yohanni as a baby)

Jeter

Off world with her mom, I haven't seen her for 3 years now, I guess she might have forgotten me.

Marie

Forgive me for asking, but I notice your daughter is Asian, and you're white...

Jeter

And her mom is not...

Marie

Forgive me detective. By the way, Why don't you call her off world? Why do you stay here on earth?

Jeter

You ask so many questions, first one, I don't have enough gold coins to call off world, 10 minutes call requires 120 gold coins, the 2nd question, well it's a long story and a sad one...

Marie

Well I got time...

(Jeter tells Marie about his last android kill, before Nakata, it was a biker girl that he chased, his boss gave him green light to kill, but when she removed her helmet she had tears, she didn't fight, or begged, she was praying, Jeter hesitated, but his radio screaming to shoot her, so he shoot her)

Marie

She behaved like a human, thats unusual...

Jeter

That's because she was a human, the autopsy report showed no sign of any mechanism inside...

Marie

So you killed a human being by mistake

Jeter

It's called pulling the plug out, I pulled the plug out of a human being by mistake, because of that, I got black listed and can't leave earth.

Marie

How about yourself? Are you sure that you're human? Are you sure that child is really yours? That test of yours, have you even put it on yourself?

Jeter

Yeah, once, I passed the test

Marie

Maybe because of false memories you passed the test

Jeter

You have false memories, you didn't pass the test

Marie (about to leave)

I made a mistake coming here, I suggest you Call your daughter with the coins I gave you, oh and watch out for my twin sister Selina she might knows about us, she share my memories, goodbye detective.

She leaves, Jeter stare at her and regrets his words, Android or human he doesn't know how to treat a lady, that's what he says to himself. His beeper makes a sounds he reads it, it says "we have search warrant for Ruby at the time machine club,go get her killer" as he is about to leave, he sees the gold coins, he takes them and going out the elevator.

Scene ends.

Scene 9: Jeter and Daughter

Jeter stop his car near a phone booth area, he goes in, he pays for 10 minutes, he call his daughter on vid call, her name is yohanni, a beautiful little 11 year old girl.

Yohanni

Hello

Jeter

Hi honey, it's me

Yohanni

Daddy !!! It's been so long...

Jeter

I'm sorry honey, daddy has been busy!

Yohanni

Mom told me not to talk to you if you called.

Jeter

Ohh? Did your mom say that???

Yohanni

Yeah, but I don't listen to her, I want to see you

Jeter

Thank you honey, how's school?

Yohanni

It's ok, but I don't like my teacher, she is a pain

Jeter

Don't worry, school isn't the end of the world

Yohanni

Daddy , when are you coming to visit us?

Jeter

Sorry honey, but I am still stuck on earth

Yohanni

Why can't you just come? Next month is my birthday, I only wish to have you on my birthday.

Jeter

Sweetheart I promise this time I'll try, I will even buy you a present, I am working on a big case, once I have finished my work I can buy tickets.

Yohanni

Yeah... I hope you mean it this time...

(A voice is heard behind Jeter)

Man voice

Hey you... your ten minutes are up...

Jeter

Yeah yeah I know... sorry honey I have to go, I will call you later ok...

Yohanni

Ok dad, I hope you come to us soon, I love you dad

Jeter

I love you too Yohanni, bye for now

Yohanni

Ok bye bye

(They both wave with a smile, then the vid com ends)

Scene ends

Scene 10: first meeting with Ruby

Jeter prepare to the time machine club, to the left is a security guard sleeping, and to the right plays the commercial with the school girl model, Jeter enters the club, buy himself a ticket for Ruby, then he enters her room, when he sees Ruby he's surprised by her beauty.

Ruby

(Surprised to see Jeter)

That strange, I didn't know we had a new vip today!

Jeter

(Acting a little silly)

Just want to say wow, you look amazing!

Ruby

(Smiles)

Why thank you, mr?????

Jeter

Philip Jeter... actually

Ruby

Ok mr Jeter, but since you're new here I have to let you know, this is no social club, we are gonna pretend we are onboard the orient express during 1914, so I hope you are not a sexual deviant.

Jeter

Actually to be honest I'm a police officer

Ruby

(Poor a drink for herself)

Well you're in the wrong room then, the police room is in the other corner.

Jeter

No actually I'm a real police, an android detective

Ruby

(Relies where this is going)

Ohh, you mean you hunt androids right ?

Jeter

If you don't mind, I like to give you a little test, a routine personality test!

(Ruby drink a sip of her drink)

Ruby

Would you mind have a drink with me? I don't like drinking alone!

Jeter

(Take a glass)

Sure why not, bottoms up

As he takes the drink he starts feeling dizzy

Ruby (With an evil grin smile)

What's the matter detective, too strong for you?

Jeter

What have you done to me? (He falls sleeping)

Ruby

(She takes her phone and call)

Hello doctor, I have a new client for you!

Scene ends with Ruby smile evilly.

Scene 11: interrogation and rescue

Jeter wakes up see himself in a lab with two bounty hunter looking people, one named Jakku and one named Yume

Jeter

Where am I ? Who are you two?

Jakku

This new android model acts like a human being, Impressive don't you think Yume? (Yume smile and nods)

Jeter

Look idiot, I'm a detective ok, Android Detective Unit.

Jakku

Yeah we saw your id, detective Philip Jeter, Macau police department, except that There is no Jeter at the MPD.

Jeter

Unless I have been sleep walking, yes there is...

Jakku

We checked, the police unit never heard of you

Jeter

That's.....impossible

Jakku

Yeah, because you have been walking around with implant memories, probably from a dead cop in the past.

Jeter

my briefcase, there is an empathy test, try it on me.

Jakku

Hahaha , good one, you almost convinced me ...

I have a better idea, you see behind me? We call it the chair of death, once we put you there, a laser beam will hit straight at you, if you're an android then the beam won't harm you, only tickle you, but if you're human...

Jeter

If I'm human then the beam will kill me instantly

Jakku

Yeah, but at least we will know what you are...

Yume

Then let see first if you're human or not

Jakku

What?

(Yume pulls a gun, she shoot a blue berry laser beam at Jakkus face , Jakku sneezes, Yume push a button on her gun and then shoot a yellow laser beam that kills Jakku, she approaches Jeter)

Yume

Hold still, don't move

(She aim the gun at his direction, her shot release the iron claw that that keep his hands behind him, he is free now)

Jeter

Ok, what's going on here?

Yume

It's an android, a friend of that android witch who brought you here, if you can walk , then grab your gun and follow me, I'm going to get that android before her shift ends

(Jeter put his gun inside his jacket, he follows her out)

Scene ends

Scene 12: Jeter and Yume club entering

(They are outside the club and is about to enter)

Yume

Well are we going in or what?

Jeter

Just a minute, who are you? Why did you kill your partner? And why are you after that android Ruby?

Yume

Ruby is Celina, Ruby is just a pseudonym she use to walk around the city and she's about to leave soon, I don't think this is the right time for small talk..

Jeter

I'm not going anywhere until you tell me who you are..

Yume

Fine, I'm Yume, I'm chasing those androids who hijacked the moonbus that landed here on earth.

Jeter

You mean you're a mercenary, right?

Yume

I prefer to be called a bounty hunter

Jeter

Same thing

Yume

My partner was hired by the Ruby..Celina android, I found out they knew each other long before. When my partner killed one of your detectives he showed no remorse, I knew then he wasn't human, so I took my chance before he could eliminate you.

Jeter

Another detective?...Peng Yous partner..

Yume

Shall we enter or not?

They enter the club. Jeter and Yume look for Ruby, Yume is impressed with the place.

Yume

Nice decorations, truly a vip taste

Jeter

Yeah, maybe you should work here..

Yume

In your dreams, where is that female android?

Jeter

In her room if she hasn't finished her shift

Yume

Then let's go

Jeter and the hunter Yume enters Ruby's room, She see Jeter's back she relies she has lost

Ruby

(With sorrow in her eyes)

Oh I see, you are back... and you got company...

Jeter

(Pointing a gun at her,)

I think you know where this is going...

Ruby

(Feeling a little more sad)

Do what you gonna do detective, just let me have a last look at this place, I love the decorations of the orient express, so beautiful, I love art.

Jeter

(Lower his gun)

What did you say?

Ruby

We are not so different you and I , we were created different ways, I am programmed to act like a human but I do know this is real, my feelings for art.

Jeter

(Start feeling bad for her)

You love art?

Ruby

Yes I do, I also appreciate life unlike you hunters, 4 years isn't enough, I don't want to spend my last year in a dessert planet like March, that's why I came back to earth, even though I knew the risks, but I really wanted to see art.

(Jeter feels bad for her but suddenly a shot is heard, Ruby relieves she has been shot through the heart)

Ruby

Why????

(Then she dies, it was Yume who shot)

Yume

I never did appreciate arts...

Jeter

What the hell, you could have warn me!

Yume

You're getting soft, she only programmed to talk like that!

(Jeter just stare at his gun, the two hunters leave.

Scene ends

Scene 13: Jeter & Yume having a coffee

they sit at a cafeteria, they have a cup of coffee with milk and sugar, Yume takes off her long jacket, she is a beautiful looking Japanese woman, but despite her beauty Jeter refuse to talk to Yume, he is still mad at her.

Yume

What's wrong? You are not going to talk to me?

Jeter

What to say? She was unarmed and you killed her.

Yume

Not a she, an it, a robot, an android, have you forgotten?
Oh my goodness, you were attracted to it weren't you?

Jeter

What are you talking about?

Yume

That android... Ruby... Celina, you felt attracted to that thing
and that's why you are mad at me right? You should be
thankful, if it wasn't for me you would be dead by now...

(Still Jeter doesn't answer, he sip his coffee instead)

Yume

Fine then, keep being angry with me, forget what your job is
about, what do I expect from someone who seems ok with
shagging a toaster instead of having the real thing...

Jeter

There is one more thing in my mind... let's step outside, I
want to see if you are human or not...

Scene ends.

Scene 14: Jeter test Yume

(Outside, Jeter test Yume, but she is confirmed a human)

Jeter

Ok, the test says you're human, now it's my turn

Yume

Your test was annoying, I want to test you my way

Jeter

Your way? What is that?

Yume

Same method as I did to Jakku

(She aim a gun at him)

Jeter

What are you doing?

(She shoot a blue beam at him, it doesn't effect on him)

Jeter

Am I dead ?

Yume

Nope, but if you sneezed you would have been. It's a blueberry beam that only androids are allergic too, the blueberry beam has no effect on humans.

Jeter

That's interesting , wish my department thought of that

Yume

what about the bounty, you found the android but I pulled the trigger so...

Jeter

You know what, take the bounty, I don't care, I'm going home now, I'm finished.

(He walks away, Yume shouts at him)

Yume

you feel sorry for a robot? then you lost your humanity

Jeter (to himself)

We all live on the edge, the edge of human.

He keep walking, while walking he is thinking of all the four androids he met, first he thinks of Nakata trying to shoot him but fail, next he is thinking about Jakku, a mad man who seems enjoying hurting others, then he thinks about Ruby or Celina who with sad face talk about art, then finally he thinks about Marie, she was very happy that he didn't report her and she give him gold coins, he stop by and watch a

commercial, it's the school girl model again, he is thinking why she is working for time machine club or does she has a choice, does anyone of us have a choice like a robot, perhaps Ruby was right, humans and machine are not so different after all, he walk away again and not looking back.

Scene fades to black

Movie ends, the end.
