TEASER

BRIEF SYNOPSIS

IN THE VERY NEAR FUTURE, SOPHIA (MARILI MEJIAS) A WOUNDED SOLDIER, DISCOVERS THE MEDICAL FACILITY SHE'S BEEN PLACED IN ISN'T FOR HER OR HER FELLOW SOLDIERS' RECOVERY, BUT SOMETHING FAR MORE DEVIOUS.

SO SHE SETS OUT TO UNCOVER THE TRUE PURPOSE OF *HARMONY*.

FULL SYNOPSIS

Sophia, a wounded soldier, suspects the medical facility the military placed her in isn't really for her recovery, but something far more devious. Codenamed *Harmony*, the facility is in fact a government program to create telepathy.

After weeks of frightening dreams and another inmate gone missing, Sophia breaks into the restricted area with inmate and lover Erik. But before uncovering all of *Harmony's* secrets, they are captured by its icy administrator Ranson.

Guided by a mysterious old man from Sophia's dreams, she escapes the facility. In one of *Harmony's* secret entrances, a mountain top cabin, she finds Erik and the old man, Kline, bound to a bed and slowly dying. It's there Sophia discovers the final truth: Erik is a mental projection of *Harmony's* founder and first telepath, Kline.

With Ranson close behind, Sophia refuses to allow Kline to enter her mind and so they can both escape. Kline attempts to mentally force himself in and the two fight for control of Sophia's mind.

Outside the cabin on the slopes of the mountain, Ranson fires a halting shot to stop Sophia. She spins around. But just who is staring back?
