

No Invasion – Video poem by Dwayne Jahn 2023, 3:20 min.

Seven: continents, oceans, days of the week,
colors of the rainbow.

Throughout the city, urbanness.
The villagey town.

There are fauna, flora, fungi and the cosmos.
Be natural and rather spontaneous.

Abandonment of plans. Change is coming.
Be calm.

Oblivious to oblivion.
Dystopic. Dysphoric.

Vetoing war.
Battling the symptomatic.

No drama.
Understanding one's roles in civilization.

One's unique inner world. Subjectivity.
Inner child.

Seven ideal and transcendental realms
in perfect harmony with each other.

A multicolored wheel of fire and of electricity
granting countless benefits.

The need for euphorigenic art.
Revelling in elation.

Awareness. Mentation. Emotionality.
Concentrations. Absorptions. Trances. Liberations.

Awareness over mind. Mind over matter.
The powers of here. The powers of now.
