synopsis

A man has had too many drinks. He spots a beautiful woman who gestures for him to come over to her. This begins a strange and bizarre fantasy of a seemingly normal man. One look will change the course of his life forever.

The short film stars Kate Murray as the woman who meets the man and Gareth Sax as the drunk man who makes all the wrong choices.

The film took three days to shoot. Two times during the day and once during the night. An average day consists of eight hours of filming. With Julinna Edwards as a stand-in for Kate at points we had a cast and crew of 16 people. The entire film took about 6 months to plan and shoot. Below are some photos taken straight from the film.

DIRECTORS STATEMENT

"The Encounter" is a short film that blends the latest technologies with the old. We filmed in black and white with the look of a movie filmed on old-time film while also incorporating modern-day sets with vintage props and costumes to give the film the finest of both worlds. With beautiful lighting and well-thought-out scenes, this is our take on Noir Filmmaking .Zach Wilson, also known as Zach Moshe, has worked on movies since 2016. The majority of the time with short films. One of Zach's most notable short films was "Alone" (2020). Despite being only 16 years old, he has already gained a great deal of experience in filmmaking. He has experience working with a variety of actors and has worked as a solo artist and as part of a larger crew. He has worked on a variety of different kinds of sets. Furthermore, he has extensive experience working with cameras and all things related to them. In addition, he has been featured on television in Ohio while singing with his world-renowned choir group and touring all over the globe. It is evident that he is passionate about the filmmaking process and that he puts his heart and soul into his work.

CAST

Kate Murray

Gareth Sax

This is both Kate and Gareth's first short film and all-around first time acting for the camera. They both have had extensive work on plays and other types of sets. In this short film they both provide breathtaking performances. With Kate giving a chilling take on an insane character. And Gareth having to take on a delusional man. They both bring the best of the best to the table.
