## Young Filmmaking Duo Presents 'CURA'

CURA is an independent, fantasy driven action film that delves deep in the concepts of time, resolve, despair and deceit. It was shot in the region of Aveiro, Portugal, across 24 blazing hot days during Summer 2021.

It was written and directed by Pedro Silva and João Guilherme Matos, who also star in the film. João Cardielos handled the sound design and crafted the original soundtrack that permeates CURA.

With a 15-minute runtime, the short film premiered on December 28, 2022 on the Fogo Posto Youtube channel. On that same day, the crew gathered for a special live episode of Azar Cósmico Podcast. The filmmakers revealed behind the scenes stories and fun facts about the production of CURA.

This short film emerges into the realm of existence due to the tremendous passion for the seventh art, a common aspect shared by the aspiring filmmakers.
