## LOGLINE

THE HAPLESS DAUGHTER OF AN INCARCERATED CON-ARTIST FINDS SHE HAS INHERITED A SUBSTANTIAL DEBT TO A DANGEROUS CRIME BOSS. FORCED INTO A CORNER, ELLIOTT DISCOVERS HOW TO TAKE CONTROL OF HER LIFE WHILE HELPING EMPOWER OTHER WOMEN.

## SYNOPSIS

Have you ever found yourself in a position where you would do anything to protect your family? It's a hard place to be when you don't have enough money to pay medical bills that insurance won't cover. This is where Elliott's father Ernie found himself when his wife, Stacey, needed a life-saving heart transplant. With no other way to come up with that large sum of money, Ernie pulled a con. Not only did the surgery not save Stacey, but Ernie screwed over the wrong person and got incarcerated, leaving his daughter, Elliott, to fend for herself.

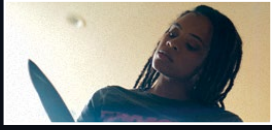

As a young single woman with no formal education living in a big city like Los Angeles, making ends meet was difficult. However, Elliott was taught by her parents to be strong and resourceful. Thus, she was able to support herself working odd jobs here and there. That was until Damon, the son of a huge crime boss in LA, finds out who Elliott is and that Ernie screwed over his father. Damon will stop at nothing to recover the debts owed to his dad to prove his worthiness of being the new crime boss. Elliott now needs to figure out new ways to make more money, or her father will have to face the consequences.

Discovering the gig economy, Elliott was able to start making some extra cash, but found that this was still not the answer. Apps for freelance gigs require a level of trust, bringing complete strangers together, often in intimate spaces like private cars, or a client's house. There are benefits as a con artist (access to people and their belongings, and sometimes their personal information) and negatives as a woman (being left vulnerable with creepy men) to this intimacy. The more jobs she took, the more vulnerable she made herself, until one day someone takes it too far. During a struggle, Elliott accidentally kills a man, but when she gets away with it, she finds a newfound feeling of power.

Elliott goes to a support group for battered women to try and make some sense of the events that have occurred. This group helps Elliott realize she is not alone and that she can help other women take control of their own lives by getting rid of the men that abuse them. This has given Elliott a purpose in life, which is something he has struggled with up until now. Even closer to home, Elliott's best friend comes to her one night after being coerced into sex. This ignites the fuse for Elliott to take her second life and empower her first accomplice. Together, Elliott and Addison will build a group of empowered vengeful women. In the long run, she will have a new chosen family of her own that can take down Damon and the organization that oppresses her.

But, what happens when power and greed take control of these women? Elliott realizes that power is a dangerous drug that will consume anyone, regardless of gender, race, or upbringing. She must find a way to provide A Killer Service.

Number 14 has been an Official Selection in several long running International Film Festivals and A Killer Service is on its way to following.

**MIRANDA RAUSCH**

WRITER

Miranda is writer who grew up in Ocean City, NJ. She attended Hofstra University where she received her Bachelors degree in Screenwriting/ Film Production. After graduating, she began her journey of creating stories that help make sense of the nonsensical things in society in a beguiling way. You can see her most recent work come to life in festivals with Number 14 and A Killer Service. She also has several other shorts, feature films and a TV series in development.

**TIM BANKS**

DIRECTOR OF PHOTOGRAPHY

Cinematography means a lot of things to Tim Banks, but most of all it allows him to live out a dream he had as a child to tell stories. It sounds cliché, but it truly is the reason he gets out of bed in the morning. He only has one shot at doing this whole life thing. And if you got an inspiring story, or maybe something that's just plain fun; Tim will be there and be ready to take on that next challenge. Tim has worked for several years on shorts, features and tv.
