SYNOPSIS

Trapped in a bad marriage, Tye Murphy struggles with accepting that the only way to heal is to leave his verbally abusive wife that he's been deeply in love with for over 10 years. Taken in by his brother (Ricky) and sister-in-law, they soon discover that the damage Tye has endured has taken a deeper toll on his life and that his rock bottom is just beginning. Separated by an unfortunate event, the two brothers struggle to find their way back into each other's lives and to repair the trauma that haunts them both.

INSPIRATION

With the current state of the world, we were inspired to tell a story that we believe a lot of people will be able to relate to on many different levels, even if their situations are different from our characters. To inspire hope and love for all who have had any kind of struggles in their lives, past or present. Our message to everyone is that even on the darkest days hope and love is always a choice away.
