HAVE ONLY ONE THING ON THEIR
MIND... BLOOD!**

DIRECTED BY JIMMY GRUSS

"THE VON STEINS" was born from my obsession with trying to present gothic cinema in a way we hadn't seen it before. The film's cinematic language homages horror classics such as *The Haunting* (1963) and *Nosferatu* (1922), but at its core, it's a comedy. I knew that likable characters would be key to making this fusion of genres work, so I landed on a blood-sucking vampire family who are just as funny as they are fierce. I've truly grown to love *The Von Steins* and I cannot wait for you to finally meet them.
