Dear Julie

I am writing to thank you and the Green Eye Production team for all your support, hard work and dedication in supporting the students at La Passerelle in producing their short film 'The Journey'. I know that the experience has been truly valuable to them all and I am greatly looking forward to seeing the showing this Friday at The Freedom Centre.

The creation of the film has enabled the students to have an experience that they wouldn't have ordinarily been able to have and your support with this and the funding granted enabled this wonderful opportunity. I know that both Sarah and the team are also very appreciative.

Many thanks again,

Kind regards
