### SYNOPSIS

Sky of Tides: Atla explores the sci-fi fantasy world of numen9 from the perspective of Atla Gildeon, who sets off with her twin brother Kryll on a secret mission from the Chairman of the Syndicate, the authoritarian leader at the center of the drama in both this series and the related adventure video game, Sky of Tides, coming early 2025 to all platforms from international publisher ESDigital.

The series is not only for fans of the upcoming fantasy RPG—it's a new entry point to the fascinating world of Sky of Tides, produced by the team behind Canada's first-ever animated feature film selected as Best International Feature Film submission for the Oscars®, Eternal Spring.

We're seeking additional streaming/broadcast partners for this unique transmedia project, and investment partners for an expanded series/additional seasons.
