# 03 STATEMENT

The drive to unravel the mysteries of the creative process. As an artist, my goal is to capture the very essence of creativity, confronting emotional highs and lows while overcoming the obstacles that stand in my way. This documentary reflects my passion for cinematic experimentation and my desire to inspire others to embrace their own creativity. Through this work, I aim not only to tell a story but also to share a unique perspective on how to approach life with creativity and an open mind to endless possibilities.
