Erik Sémashkin

Arrived from Ukraine in France in 2012, I am a young director with more than ten short films to my credit, selected and awarded internationally.

I want to diversify and explore new forms of filmmaking, working on several genres. However, this variety of films has a common background.

Whether it's about the environment or international conflicts, I remain sensitive to current events while telling my story.

Arrivé d'Ukraine en France en 2012, je suis un jeune réalisateur avec plus d'une dizaine de courts-métrages à mon actif, sélectionnés et primés à l'international.

Je souhaite me diversifier et explorer de nouvelles formes de réalisation, en travaillant sur plusieurs genres. Cependant, cette variété de films possède un fond commun.

Que ce soit sur l'environnement ou les conflits internationaux, je reste sensible à l'actualité, tout en racontant mon histoire.
