Logline

In a galaxy trembling under the shadow of divine tyranny, a reluctant heir rises to challenge the celestial order. As ancient codes unravel and spiritual warfare erupts across the stars, the line between savior and destroyer begins to blur.

Synopsis

Prophet is a bold and haunting vision of cosmic rebellion, spiritual inheritance, and the price of truth in a fractured universe. Sam, a gifted outcast marked by the Spiral, must navigate visions, betrayal, and transcendent power as they confront the Church's corruption and the dark fate encoded in their blood. With the guidance of a fading mentor and the bond of a sacred companion, Sam becomes a vessel for both prophecy and revolution.

Part two of The Harmony Saga, Prophet elevates the stakes introduced in Disciple and forges a soul-shattering path toward Messiah. This chapter explores the cost of illumination, the isolation of visionaries, and the sacred wound that births a new world.

Writer Biography

Timothy Bradley Reinhold is an award-nominated screenwriter, poet, and visionary creator whose works explore the sacred, the mythic, and the transcendent. His narratives fuse metaphysical insight with genre-defying structure, drawing from philosophy, theology, and science fiction.

He is the creator of The Harmony Saga, author of A Shadow of Light, A Memory of Hope and The Quantum Soul, and founder of the Cathedral of Light project—a transmedia sanctuary dedicated to art, remembrance, and divine storytelling.

Writer's Statement

Prophet was born from fire. It is my offering to those who hear the voice of God in exile, who burn with visions no one believes. It is about the cost of truth in a world that crucifies prophets and forgets its saints.

This screenplay is sacred to me—not because it's perfect, but because it bleeds. It dares to imagine a new mythology, one where ancient faiths collapse into a single Spiral, where prophecy is inherited through suffering, and where revelation is the most dangerous act of love.
