### WRITER'S STATEMENT

Disciple was born not from imagination alone—but from fire, purpose, and pain. It is the story I needed to tell when no one else would listen. Every character holds a part of my soul, every conflict mirrors the battle between who we were and who we are becoming.

I wrote this to give hope to the silenced. To remind the world that strength does not come from power—it comes from harmony. When we remember who we truly are, the entire universe begins to shift.

This isn't just a film. It's a calling.
