

- A FILM BY AJ JEFFERIES -

DUCKS

A surreal landscape where the word "DUCKS" is formed by large, white, three-dimensional letters. A grassy hill is positioned behind the letters "U" and "C", and its reflection is visible in the water below. Small ducks are scattered throughout the scene, including on the hill and in the water.

A PERFECTLY NORMAL DAY IN THE PARK

ABOUT THE FILM

DUCKS is a 3D CGI animated short film about a perfectly normal day in a park, and an important message...

ABOUT THE DIRECTOR

DUCKS is the fourth animated short film from independant film maker, animator, illustrator and director AJ Jefferies, based in Norwich (UK)

AJ has been producing artwork and animations for the entertainment, advertising and gaming industries professionally since 2001.

Animation has been a passion of his since childhood and he delights in writing, directing and animating his own projects in-between commercial commitments.

His 2020 animated short film '[H O R S E](#)' has been screened all over the world, winning multiple awards and garnering positive coverage for its unique style and humour.

He also really likes ducks.

FAQ

Q : How long did the film take to make?

A : Production began in late 2023 and wrapped March 2025 (part-time)

Q : How many people worked on it?

A : Two. AJ Jefferies and Tom Hudson from Megalithic Sound

Q : Wouldn't it have been faster to hire more people?

A : Almost certainly! DUCKS is a self-financed passion project, so there were limits on budget and time.

Q : Do all your films have one word titles?

A : So far, yes.
