“Growing up, I saw powerful Latin women around me... My mum, my abuela, my aunties. They were a force. I want young people to feel that same power in themselves.”

Meet *Ms Vanguard*, A New Digital Series You Need to Watch Now (Before the World Catches On)

Published: June 8, 2025

If you're not already talking about *Ms Vanguard*, ya estás tarde. This six-part digital series is the unapologetic, Latin-rooted, Aussie-grounded storytelling we've been waiting for. Directed and produced by the powerhouse creative Bianca K. Nuñez, *Ms Vanguard* pays homage to her Uruguayan roots, stories shaped by culture, resistance, and the fierce women she was raised by.

Bianca's journey into storytelling didn't start in film school—it started at home. Her mother, Adriana de Simone, is an acclaimed Uruguayan-Italian-Australian actor and producer who has long been a quiet force in the local industry.

As Bianca puts it, "My mum, my best friend... she's a light warrior, a siren. She brings every role to life and somehow makes it look effortless."
