LOGLINE

In an Indian rural village where rituals breathe and ants crawl with secrets, a young girl becomes the unwitting keeper of her father's haunting experiment.

SYNOPSIS

In a remote corner of rural India, where age-old rituals still govern life and secrets float in smoke and whispers, lives Murmur, a young girl unknowingly entangled in her father's forbidden experiment. Inside a mysterious tunnel, a concealed box of black ants writhes in silence. Her task is clear - not to love, but to feed, guard, and observe. A ritual of obedience. A rehearsal for something darker.

As Murmur, in a moment of innocent rebellion, introduces red ants into the mix, the delicate balance collapses. All the ants die. And with them, her father's secret plan begins to unravel.
