Claudia Cardinale: 6 Decades in the Movies

Ahead of a MoMA retrospective, the actress reflected on her career, which includes over 100 films and many classics of Italian cinema.

Because Cardinale won't be in New York this week, Squitieri will do the honors. On Friday, the "Bebo's Girl" screening will be [followed by "Un Cardinale donna" \("A Woman Cardinal"\)](#), a whimsical short featuring the actress, produced for the retrospective by Manuel Maria Perrone.

Speaking at the film's Rome premiere, Perrone said that "dealing with an idol, with such a strong icon, is something extremely difficult, even fragile."

"She's been doing this her whole life," he said. "Being an icon is her job."

Claudia Cardinale Retrospective in New York's Museum of Modern Art

The ceremony started with the screening of *Un Cardinale donna* (2023), “a short poetical portrait” of the actress directed by Manuel Maria Perrone. Also part of the retrospective is the publication of the Cinecittà book “Claudia Cardinale. L’indomabile -The indomitable”, curated by her daughter. Among so many other details, the book reminds us that Visconti described Cardinale as “a splendid tabby cat that for the time being scratches at the cushions in the living room (...) but that one of these days we will realize is a tiger.”

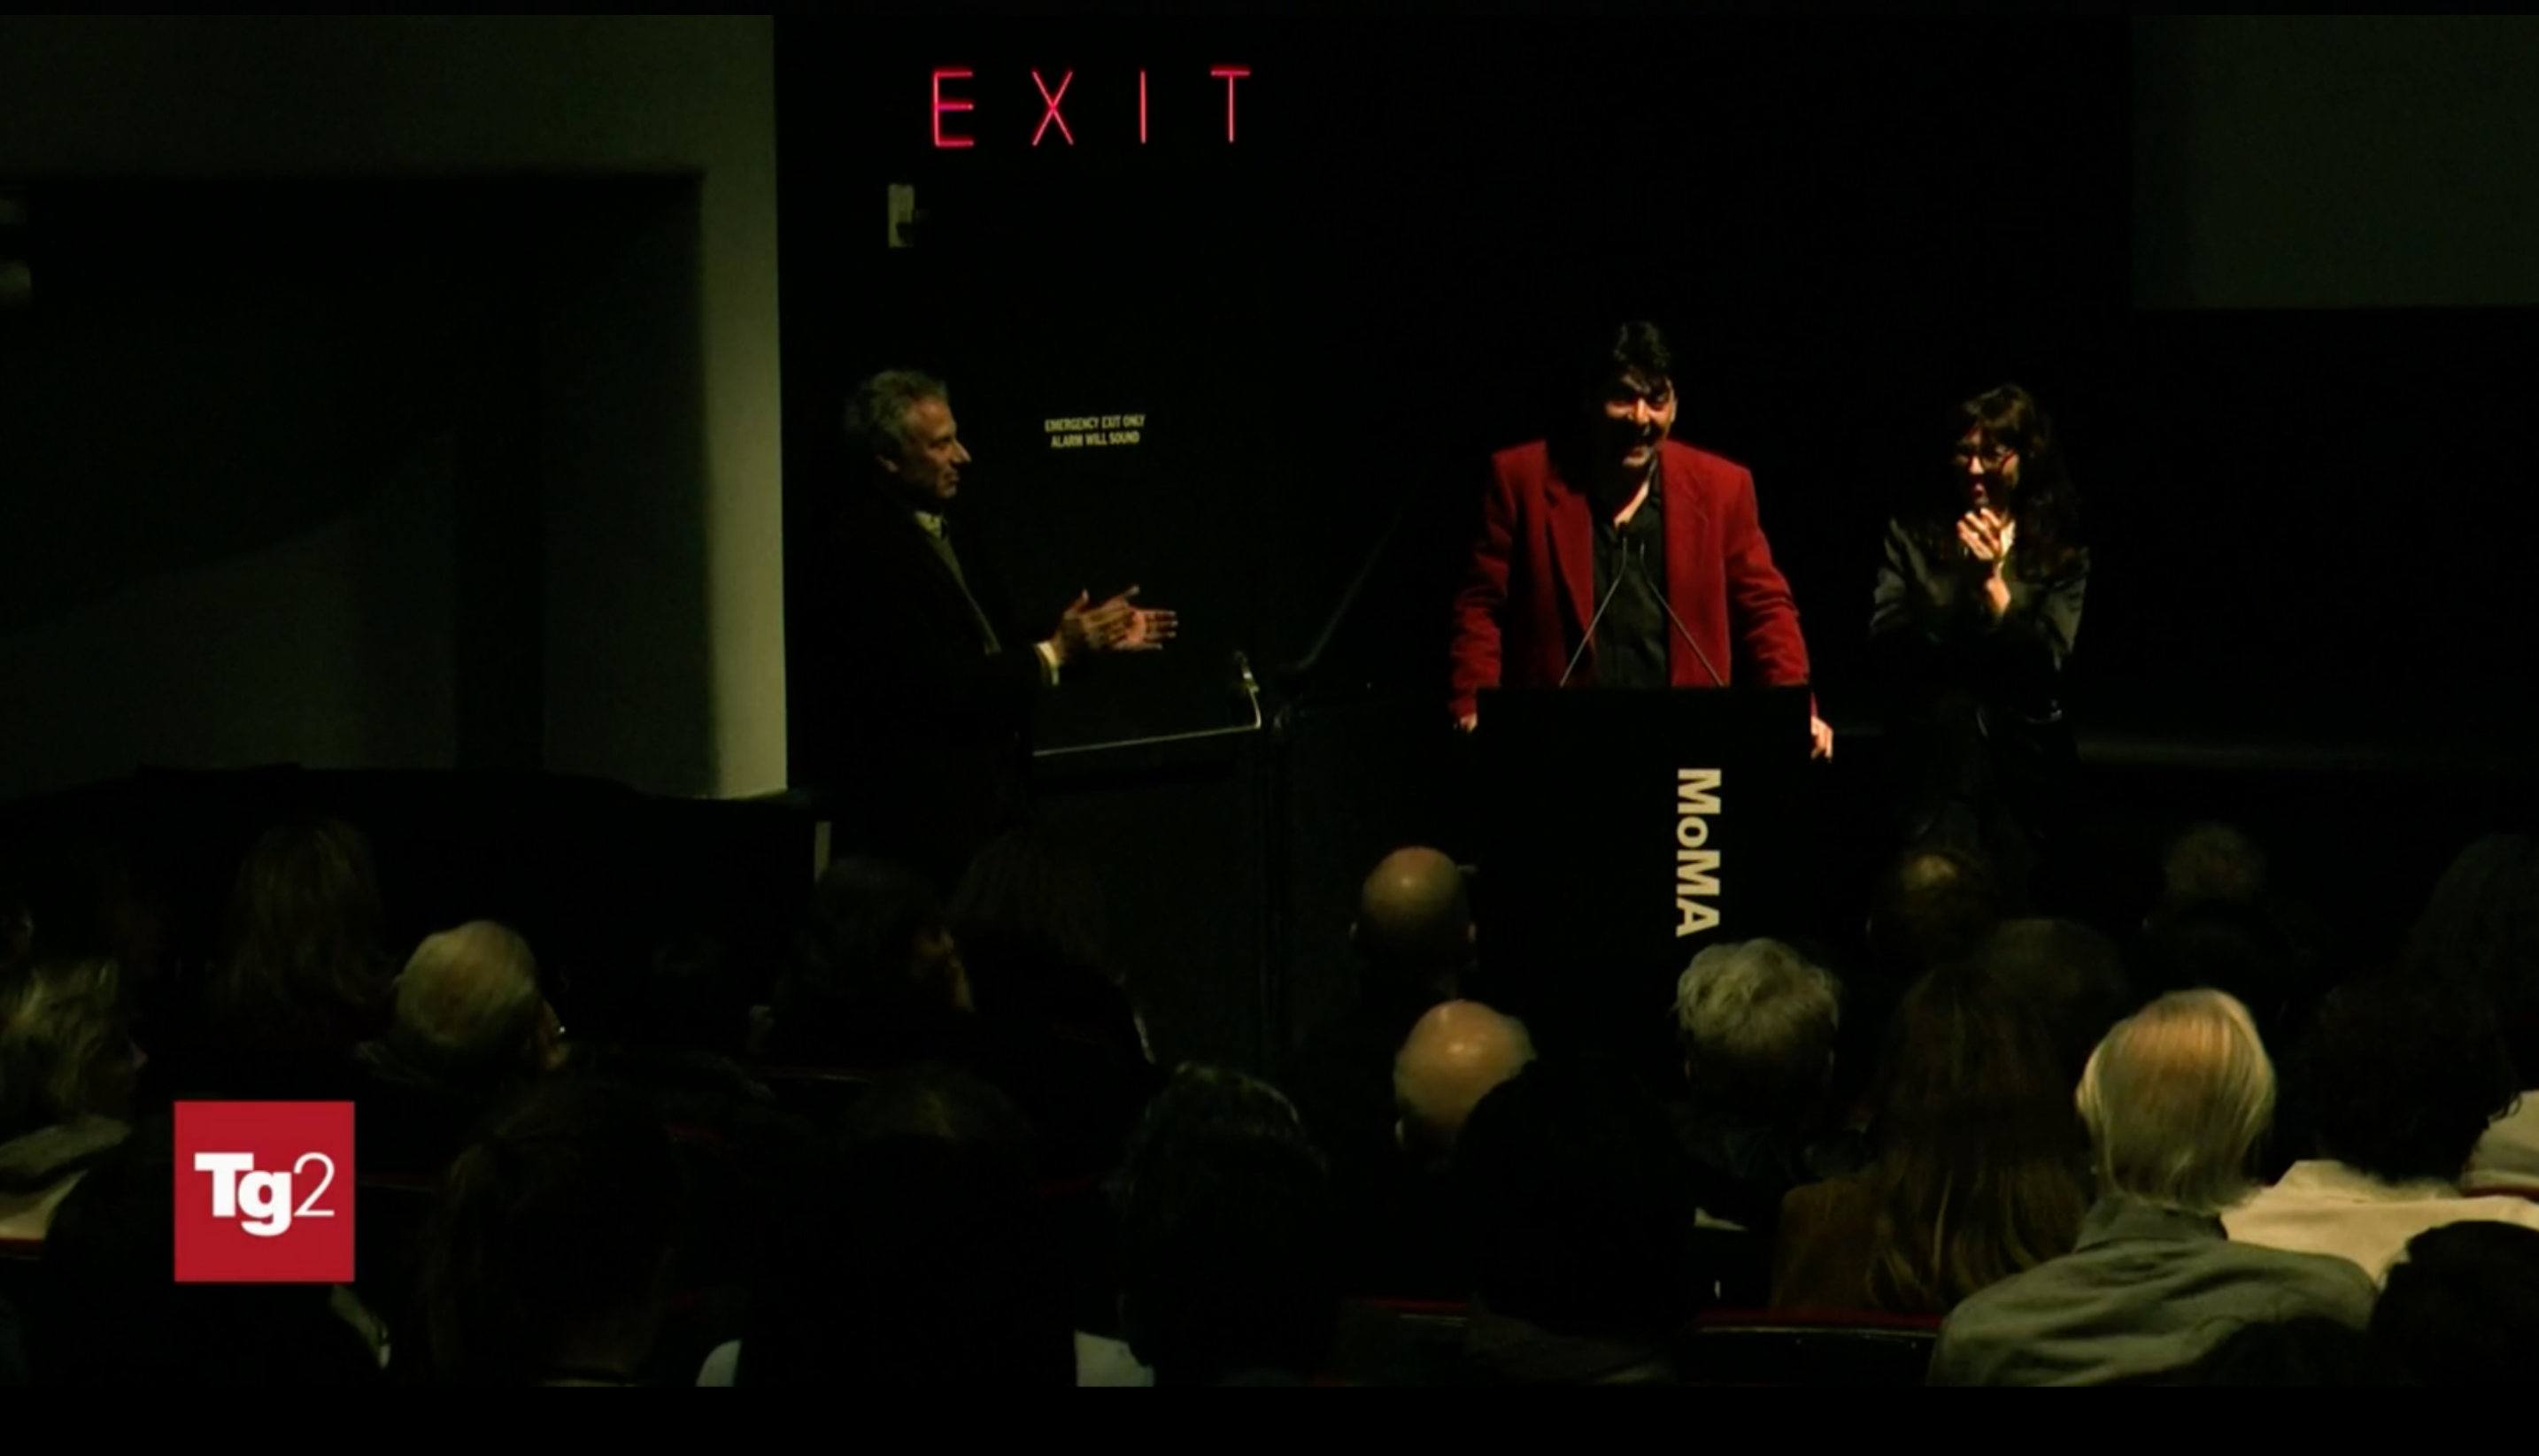

F. Murray Abraham (Golden Globe winner in 1985) attended the opening at MoMA, fresh from his recent nomination as Best Supporting Actor – Television Limited Series/Motion Picture for **The White Lotus**. Next to him was his “son” from that show, Michael Imperioli, two-time Golden Globe nominee for **The Sopranos**.

Alessandro Marchetti racconta in un servizio per il 'Tg2' la retrospettiva dedicata a **Claudia Cardinale** e ospitata al MoMA di New York in collaborazione con **Cinecittà**. Il museo "non ha mai fatto tributi a singoli attori", ma racconta ora Claudia Cardinale; la vita, i film e l'amore per l'America ("iniziato prestissimo, a 28 anni"). Il cortometraggio *Un Cardinale Donna* di **Manuel Maria Perrone** è stato proiettato per presentare la retrospettiva assieme al restauro de *La Ragazza di Bube* di **Luigi Comencini**, aprendo l'"omaggio a un'icona femminile, non solo nel mondo del cinema".

Una retrospettiva al MoMA di New York su Claudia Cardinale la fiera "Indomabile"

21 Gennaio 2023 - 08:28

Di spalle, su una panchina, davanti a un laghetto, con la solita sigaretta sempre accesa. «Non capisco, è un film su di me o con me?», si domanda la voce off. Ma la questione è retorica, perché nello splendido cortometraggio presentato ieri a Roma in anteprima, Un Cardinale Donna di Manuel Maria Perrone, a parlare è Claudia Cardinale e la risposta è nella sua incredibile filmografia che racchiude un secolo di grande cinema su e con una delle nostre più grandi stelle. Ma non dive.
