[Verse 1]

There's a river in my ceiling,
And the stars begin to swim.
The candles hum electric dreams,
As daylight's growing dim.
Voices crawling through the curtains,
Calling names known.
I reach out through the colors,
But the room's now overthrown.

NOW OVERTHROWN.

[Verse 2]

A silver serpents on the table,
Twistin' smoke, it's so unstable,
Who's knockin' at the door?
My body's just a rumor,
A whisper in the flame,
I'm lost inside the silence
As it's calling out my name.

CALLING MY NAME

[Chorus 1]

These visions in my mind,
They're drivin' me crazy.
Reflections throughout time,
We don't need nothin' but love.
As long as we're together.

[Verse 3]

Sailing on the sea of cheese,
Just like the Primus did.
Turpentine and honey bees,
It's what the Giraffes said.
The mirrors in my mind,
Reflecting truth in all my rhymes,
I'm always high, I'm never low.
There's nowhere else for me to go.

I'M NEVER LOW

[Chorus 2]

These visions in my mind,
They're drivin' me crazy.
Reflections throughout time,
We don't need nothin' but love.
As long as we're together.

(Viagra Boys Style Sax Solo)

[Chorus 3]

These visions in my mind,
They're drivin' me crazy.
Reflections throughout time,
We don't need nothin' but love.
As long as we're together.
