

LIFESTYLES — OF THE — FILTHY RICH

Corporate Espionage / Erotic Thriller / Noir Drama
VERTICAL SERIES SCREENPLAY

LOGLINE

She built herself into a weapon to infiltrate a billionaire queenpin’s empire and avenge her father’s death, but as she claws her way up through power, seduction, and blood, she discovers the queenpin who destroyed her family also raised her greatest threat: her own brother.

SYNOPSIS

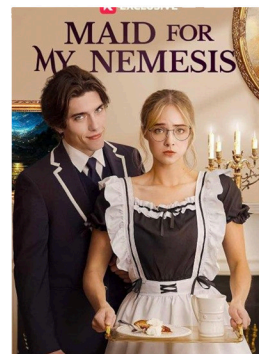

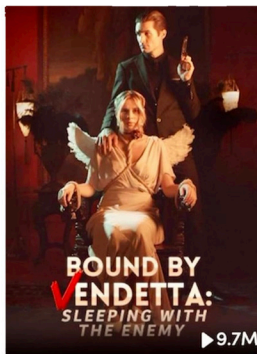

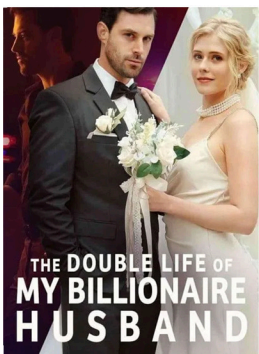

Jasmine Creed enters Molotov Holdings through scandal, earns power through performance, and keeps it through submission. A queen-in-training in stilettos and silk, she seduces the rival CFO, buries bodies of the past, and peels back layers of corruption—until she finds the rot at the root: Sasha Molotov orchestrated her father’s fentanyl overdose... and secretly adopted Jasmine’s long-lost brother as her personal weapon.

Jasmine and Walker, both raised in lies, come to see each other not as enemies, but as survivors of the same war. But Sasha’s leash runs deep—one bonded by secrets, addiction, and emotional chains. Jasmine must dismantle the empire from the inside, outsmart her brother’s loyalty, and burn the woman who claimed both their lives.

What begins as revenge becomes a twisted power play of desire, dominance, and identity. In the end, Jasmine doesn’t find closure—she finds control. She doesn’t expose the queen—she replaces her.

We’re living in an age where billionaires are gods, power is porn, and family is a weapon. Filthy Rich taps the pulse of a generation obsessed with status, secrets, and survival—where women don’t just rise, they rule. In a world addicted to luxury and lies, this series dares to ask: What if vengeance doesn’t end with justice but with inheritance?
