

A FILM BY ALIYA SURTI

Everything and Nothing

SYNOPSIS

Two cousins with a four year age gap discuss their friendship and their future.

ABOUT THE FILM

I had an idea for this film after realizing that my cousin and I were going through a similar thing, figuring out what to do after high school and figuring out what to do after university.

Thank you to Ledra for always putting up with my ideas for films, dances, or games.

DIRECTOR'S BIOGRAPHY

Aliya has been making short films for over a decade. Recently, she found a passion for documentaries.
