THE STORY

In a world teetering on the brink of collapse, rock star and former Navy test pilot JAMIE O'BRIEN begins seeing demonic visions — which explode into reality when his old flame EVA, an Israeli special forces operative, is brutally murdered by Lucifer's soldiers.

Vowing vengeance, Jamie reunites with childhood comrades Mick, Eli, and Angela — a fierce younger fighter and fellow orphan from their desert ranch, Follow the Son. Once a runaway, Angela now possesses the strength and discipline of an MMA champion. Jamie, who once dismissed her, finds the tables turned — Angela is now critical of his reckless "cowboy" heroics.

Pursued into the underworld, the team finds refuge in 'The Colony' — where the Holy Spirit transforms them into The Almighty Warriors, armed with Biblical weapons and divine powers. They must infiltrate LUCIFER's fortress, destroy a solar death ray designed to trigger Yellowstone's supervolcano, and save humanity.

A final twist ignites the franchise: beloved mentor PASTOR AARON has been captured and shapeshifted by Lucifer's Brotherhood — The Warriors' greatest battle is just beginning.
