Composer notes:

Commissioned by Joshua Sugano in March 2026. This soundtrack is inspired by the works of Claude Debussy, Daniel Rosenfeld, and Kensuke Ushio. It encapsulates the deep emotions of Cam, the protagonist of Chasing- themes of rumination, dream, and hope. There is no sheet music, all music was recorded and derived from watching the scenes of the film itself, creating perfect timing and emotion dedicated to each frame.

Recorded using a Nektar Impact LX61+
